Each public utility gas corporation and each consumer of natural gas from an interstate pipeline must remit to the CDTFA the amount of surcharge applicable.

The surcharge rate is applicable to all billings for periods starting on or after January 1, 2001. INSTRUCTIONS - NATURAL GAS SURCHARGE RETURN FOR CONSUMERS -
INTERSTATE PIPELINE

Payments: To make your payment online, go to our website at *www.cdtfa.ca.gov* and select "Make a Payment." You can also pay by credit card on our website, or by calling 1-855-292-8931. If paying by check or money order, be sure to include your account number.

The natural gas surcharge law, Article 10 (commencing with section 890) of chapter 4 of part 1 of division 1 of the Public Utilities Code, imposes a surcharge on all natural gas consumed in this state for the funding of public purpose programs. The CDTFA is responsible for the collection of surcharges collected by public utility gas corporations, as defined in subdivision (b) of section 891, and from consumers who purchase natural gas from interstate pipelines, as defined in subdivision (c) of section 891.

Each year, the Public Utilities Commission (PUC) establishes a surcharge rate for each class of customers for the service territory of each public utility gas corporation. **To determine the rates for each of the public utility gas corporations' territories, refer to and complete CDTFA-507-A,** *Schedule A - Computation Schedule for Natural Gas Surcharge,* **prior to completing the return.**

Line 1. Enter the number of therms consumed.

Line 2. Enter the total number of exempt therms sold or consumed.

Line 3. Therms subject to the surcharge. Subtract line 2 from line 1. This number should equal the total of "Territory Totals" column A3 CARE (shaded) and column A3-Non-CARE (non-shaded) on form CDTFA-507-A.

Line 4. Total surcharge due. Amount should equal column D3 on form CDTFA-507-A.

Line 5 and 6. If the surcharge will be paid after the due date shown on the front of this return, additional amounts are due for penalty and interest charges. The penalty is 10 percent (0.10) of the total surcharge due on line 5. The interest rate is noted on line 6 on the front of this form and applies for each month or portion of a month the surcharge is paid after the due date.

Line 7. Total amount due and payable. Add lines 4, 5, and 6. This is the total you must remit to the state.

INSTRUCTIONS FOR COMPLETING CDTFA-507-A, *SCHEDULE A -*
COMPUTATION SCHEDULE FOR NATURAL GAS SURCHARGE

Column(s) A1, A2. Enter the net taxable therms consumed during the reporting quarter per customer class in the service territory of each public utility gas corporation - Alpine, PG&E, SoCalGas, Southwest Gas, SDG&E, and West Coast Gas. Use column A1 to report net taxable therms consumed under the California Alternate Rate for Energy (CARE) program rates (shaded columns). Use column A2 to report net taxable therms consumed under the Non-CARE program rates (non-shaded columns).

Column(s) A3. Total the therms consumed or sold for each territory and enter the total under A3 for total therms consumed under the CARE program (shaded) or the Non-CARE program (non-shaded). These two figures should equal line 3, "Therms subject to the surcharge," on the *Natural Gas Surcharge Return.*

Column(s) C1, C2. Multiply column A1 by B1 and column A2 by B2 (use the corresponding rate for each customer class, for CARE or Non-CARE programs).

Column(s) C3. Add the surcharge due for each of the territories under the CARE (shaded column) or Non-CARE (non-shaded column) programs.

Column(s) D1. Calculate the total surcharge due by adding columns C1 and C2.

Column(s) D2. Totals - Add the total surcharge due by each customer class. Obtain totals for each California Public Utility Gas Corporation - Alpine, PG&E, SoCalGas, Southwest Gas, SDG&E and West Coast Gas - by adding all items in column D1.

Column(s) D3. Add the total surcharge due from each territory (add column D2). This is the total surcharge due. Transfer this total to line 4 of the *Natural Gas Surcharge Return.*
