READ INSTRUCTIONS BEFORE PREPARING

GENERAL INSTRUCTIONS - Complete CDTFA-507-A, Schedule A - Computation Schedule for Natural Gas Surcharge, prior to completing the return.

The California Department of Tax and Fee Administration (CDTFA) administers the Natural Gas Surcharge Law. The surcharge is imposed upon the consumption of natural gas in California on and after January 1, 2001. Each public utility gas corporation and each consumer of natural gas from an interstate pipeline must remit to CDTFA the applicable amount of surcharge.

FILING REQUIREMENTS

This return must be filed even though you have no surcharge to report in the specific reporting period. The surcharge rate is applicable to all billings for periods starting on or after January 1, 2001. A duplicate of the return should be retained for your records and for verification by CDTFA auditors. If you do not file a return on time, you will be subject to penalty and interest charges.

The natural gas surcharge law, Article 10 (commencing with section 890) of chapter 4 of part 1 of division 1 of the Public Utilities Code, imposes a surcharge on all natural gas consumed in this state for the funding of public purpose programs. CDTFA is responsible for the collection of surcharges collected by public utility gas corporations, as defined in subdivision (b) of section 891, and from consumers who purchase natural gas from interstate pipelines, as defined in subdivision (c) of section 891.

Each year, the Public Utilities Commission (PUC) establishes a surcharge rate for each class of customers for the service territory of each public utility gas corporation. **To determine the rates for each of the public utility gas corporations' territories, refer to and complete CDTFA-507-A, Schedule A - Computation Schedule for Natural Gas Surcharge, prior to completing the return.**

- Line 1.** Enter the number of therms consumed.
- Line 2.** Enter the total number of exempt therms consumed.
- Line 3.** Therms subject to the surcharge. Subtract line 2 from line 1. This number should equal the total of "Territory Totals" column A3 CARE (shaded) and column A3 Non-CARE (nonshaded) on CDTFA-507-A, *Schedule A*.
- Line 4.** Total surcharge due. Amount should equal column D3 on CDTFA-507-A, *Schedule A*.
- Lines 5 and 6.** If your return is filed or your surcharge is paid after the due date, additional amounts are due for penalty and interest. The interest rate applies for each month, or portion of a month, the surcharge is paid after the due date. You may use the [Interest Rate Calculator](#) on our website at www.cdtfa.ca.gov for calculating the interest due.
- Line 7.** Total amount due and payable. Add lines 4, 5, and 6. This is the total you must remit to the state.

**INSTRUCTIONS FOR COMPLETING CDTFA-507-A,
SCHEDULE A - COMPUTATION SCHEDULE FOR NATURAL GAS SURCHARGE**

- Column(s) A1, A2.** Enter the net taxable therms consumed during the reporting quarter per customer class in the service territory of each public utility gas corporation - Alpine Natural Gas, Pacific Gas & Electric, San Diego Gas & Electric Co., Southern California Gas Co., Southwest Gas Corporation, and West Coast Gas Company. Use column A1 to report net taxable therms consumed under the California Alternate Rate for Energy (CARE) program rates (shaded columns). Use column A2 to report net taxable therms consumed under the Non-CARE program rates (nonshaded columns).
- Cell(s) A3.** Total the therms consumed for each territory and enter the total under A3 for total therms consumed under the CARE program (shaded) or the Non-CARE program (nonshaded). These two figures should equal line 3, "Therms subject to the surcharge," on this return.
- Column(s) C1, C2.** Multiply column A1 by B1 and column A2 by B2 (use the corresponding rate for each customer class, for CARE or Non-CARE programs).
- Cell(s) C3.** Add the surcharge due for each of the territories under the CARE (shaded column) or Non-CARE (nonshaded column) programs.
- Column(s) D1.** Calculate the total surcharge due by adding columns C1 and C2.
- Cell(s) D2.** Totals - Add the total surcharge due by each customer class. Obtain totals for each California public utility gas corporation - Alpine Natural Gas, Pacific Gas & Electric, San Diego Gas & Electric Co., Southern California Gas Co., Southwest Gas Corporation, and West Coast Gas Company - by adding all items in column D1.
- Cell(s) D3.** Add the total surcharge due from each territory (add column D2). This is the total surcharge due. Transfer this total to line 4 of this return.
