## INSTRUCTIONS - ELECTRONIC WASTE RECYCLING FEE RETURN

### GENERAL INFORMATION

The California Department of Tax and Fee Administration (CDTFA) collects the covered electronic waste recycling fee (fee) imposed by the Electronic Waste Recycling Act of 2003 (Act) (Public Resources Code section 42460, et seq.). Starting January 1, 2005, the Act requires you (the retailer or lessor) to collect a fee when you sell or lease certain video display devices to consumers. The consumer owes the fee on the purchase, but you must collect the fee when you make a retail sale or lease of a covered electronic device by any means, including in a store, by mail order, or over the Internet. Sales to the U.S. government are not exempt from the fee. You may retain three percent of the fees you collect.

### SALES OR LEASES THAT ARE SUBJECT TO THE FEE

You must collect the fee on the retail sale or lease of a new or refurbished video display device that **has a screen size of more than 4 inches measured diagonally**, unless you have already paid the fee to a registered vendor and provided a statement on your customer's invoice that the fee has been paid on the customer's behalf. For purposes of calculating the fee, use the viewable screen size. According to regulations adopted by the Department of Toxic Substances Control (Cal. Code Regs. Title 22, sections 66260.10 and 66260.201) the following devices are Covered Electronic Devices (CEDs) that are subject to the fee, effective January 1, 2005, except as noted otherwise:

- Televisions that contain cathode ray tubes.
- Computer monitors that contain cathode ray tubes.
- Desktop computer monitors that contain liquid crystal displays.
- Laptop computers with liquid crystal displays.
- "Bare" cathode ray tubes.
- Any other device that contains a cathode ray tube.
- Televisions that contain liquid crystal displays (effective July 1, 2005).
- Plasma televisions (effective July 1, 2005).
- Portable DVD players with LCD screens (effective July 1, 2007).

**Refurbished** is defined as a CED that the manufacturer has tested and returned to a condition that meets factory specifications, is repackaged, and labeled as *refurbished*.

### EXCLUSIONS FROM THE FEE

A retailer or lessor does not have to collect the fee if the CED is:

- Used and not refurbished.
- Part of a motor vehicle, as defined by Vehicle Code section 415, or a component part of a motor vehicle assembled by or for a vehicle manufacturer or franchised dealer. This includes **replacement** parts for use in a motor vehicle.
- Contained within, or a part of a piece of industrial, commercial, or medical equipment, including monitoring or control equipment.
- Contained within a clothes washer, clothes dryer, refrigerator, refrigerator and freezer, microwave oven, conventional oven or range, dishwasher, room air conditioner, dehumidifier, or air purifier.

In addition, the following CED sales are not subject to the fee:

- Sales for resale.
- Sales of products you ship directly to a location outside California, if the transaction is not subject to California sales or use tax. If the consumer takes possession of the product in California, the fee applies.

You must maintain records to document any exempt sales, as you do when you make a sale that is exempt from sales tax.

Returns reporting for more than one location must be accompanied by *Summary by Location Schedule*. Additionally, the return must be completed and filed even though you may not have made any retail sales or leases of CEDs during the period. ## INSTRUCTIONS FOR COMPLETING SUMMARY BY LOCATION SCHEDULE

### GENERAL

The *Summary by Location* schedule is used to report location level detail of events that support the return and is a reporting requirement of the fee program. This schedule must be completed and submitted with returns reporting for more than one location. Sales and self-consumption of Covered Electronic Devices (CEDs) from each location must be reported on a separate line of the schedule. Additionally, the schedule must report each location even though you may not have made any retail sales or leases of CEDs or self-consumed CEDs during the period for that location.

### SCHEDULE PREPARATION

The columns provided on the *Summary by Location* schedule are used to report sales and self-consumption of CEDs from each location. Each location must be reported on the schedule even if you have not made any retail sales or leases of CEDs or self-consumed any CEDs during the period for that location.

In general, the information required in the schedule columns is:

**Column A-D** Enter the Site ID for each location assigned numeric identifier and the street address for the location being reported.

**Column E** **New or Refurbished CEDs Sold or Leased.** Enter the number of new or refurbished CEDs sold or leased at the location being reported during the reporting period. Please note that all sales and leases should be reported whether the CED is subject to the fee or not subject to the fee due to an exclusion.

The total of column E should agree with line 1, *Total number of new or refurbished CEDs sold or leased this period*, on page one of the return.

**Column F** **Self-Consumed New or Refurbished CEDs.** Enter the number of CEDs self-consumed (purchased without payment of fee for your own use or withdrawn from resale inventory for business or personal use, including donated CEDs) at the location being reported during the reporting period.

The total of column F, should agree with line 2, *Self-consumed new or refurbished CEDs*, on page one of the return.

### SPECIAL NOTES

#### Locations with no activity

Locations with no retail sales or leases of CEDs or self-consumed CEDs during the period must still be reported on this schedule. Complete columns A-D and enter zero (0) in columns E and F if the location had no retail sales of CEDs or self-consumed CEDs during the reporting period.

#### Internet Sales

Retail sales or leases of CEDs via the Internet must also be reported on this schedule. Report the location from which the CED was shipped to the purchaser. This may be an in-state or out-of-state warehouse or any other location.
