INSTRUCTIONS - ELECTRICAL ENERGY SURCHARGE RETURN

Payments: To make your payment online, go to our website at www.cdtfa.ca.gov and select *File & Make a Payment*. You can also pay by credit card on our website or by calling 1-855-292-8931. If paying by check or money order, be sure to include your account number. Make your check or money order payable to California Department of Tax and Fee Administration.

The California Department of Tax and Fee Administration (CDTFA) administers the Energy Resources Surcharge Law. The surcharge is imposed upon the consumption in California of electrical energy purchased from an electric utility on and after January 1, 1975. Every electric utility making energy sales to consumers must collect and remit to the state the amount of surcharges applicable to its consumers. This return must be filed even if you have no surcharge to report in a specific reporting period. Failure to file a return may result in additional costs to you. You must enter all amounts subject to the surcharge beginning on line 10 of the return.

AVAILABLE ELECTRICAL ENERGY

- Line 1.** Enter the number of kilowatt-hours of electrical energy generated by you, the reporting utility.
- Line 2.** Enter the number of kilowatt-hours of generated electrical energy sold to the Power Exchange (PX).
- Line 4.** Enter the number of kilowatt-hours of electrical energy purchased.

DEDUCTIONS

- Line 6.** Enter the number of kilowatt-hours of electrical energy sold to consumers who are not subject to the electrical energy surcharge. (See Regulations [2315](#) and [2316](#) for specific exemptions.)
- Line 7.** Enter the number of kilowatt-hours of electrical energy used directly in the process of generation, transmission, and/or distribution, or lost in such process by dissipation, or unaccounted for in accordance with generally accepted accounting principles. Do not include electrical energy used in auxiliary or indirect activities such as street lighting, office or warehouse usage, outdoor advertising, among others. (See also instructions for line 8.)
- Line 8.** Enter the number of kilowatt-hours of electrical energy used for purposes other than directly in the process of generation, transmission, and/or distribution of electrical energy, that was used from a pool of self-generated and purchased electricity. Examples include electrical energy used in street lighting or for office or warehouse, outdoor advertising, off-street parking facilities, and other similar purposes. (See also instructions for lines 7 and 10.) This deduction cannot exceed the electrical energy generated as entered on line 1.

COMPUTATION OF SURCHARGE

- Line 10.** Kilowatt-hours subject to the surcharge. Subtract line 9 from line 5.
- Line 11.** Current rate of surcharge. (See rate at www.cdtfa.ca.gov/taxes-and-fees/tax-rates-stfd.htm.)
- Line 12.** Total surcharge. Multiply line 10 by the rate on line 11.
- Line 13.** Enter adjustments to amount of surcharge previously reported. This includes adjustments for net write-offs and billing corrections. However, either or both of these adjustments may be made to the kilowatt-hours on line 10 if more consistent with the utility's computation methods.
- Line 14.** Net surcharge. Subtract line 13 from line 12.
- Line 15.** If you have collected more than the amount due calculated on your return, enter the difference in this field.
- Line 16.** Total amount of surcharge due. Add lines 14 and 15.
- Line 17** If your return is filed or your surcharge is paid after the due date, additional amounts are due for penalty and **and 18.** interest. The interest rate applies for each month or portion of a month the payment is late. You may use the [Interest Rate Calculator](#) on our website at www.cdtfa.ca.gov for calculating the interest due.
- Line 19.** Total amount due and payable. Add lines 16, 17, and 18 and enter total amount due and payable.

DUE DATE FOR PAYMENT OF SURCHARGE

On or before the last day of the month following each calendar quarter, a return for the preceding quarterly period must be filed with CDTFA.
