Limited Tax Exclusion for Pawnbrokers Extended Through December 31, 2031

Until January 1, 2032, pawnbrokers may continue to exclude from tax those transactions in which a borrower buys back their pledged property, if *all* the following conditions are met:

- The buyback occurs within six (6) months of the date the borrower defaulted on the loan (the date that title to the property vested with the pawnbroker).
- The borrower pays the remaining unpaid loan balance, including any charges and interest, as of the date the borrower defaulted, together with one of the following:
 - For loans of less than \$2,500, the borrower must pay the allowable charges and interest from the default date to the date the borrower buys back the pledged property.
 - For loans of \$2,500 or more, the borrower must pay charges and interest due based on the last monthly contractual interest rate from the default date to the date the borrower buys back the pledged property.
- The borrower has proof, such as a receipt or similar document, that they originally paid sales tax on the item.

Background

[Assembly Bill 2641](#) extends the sunset date for the exclusion from tax on certain transfers of property by pawnbrokers until January 1, 2032. Previously, the sunset date was January 1, 2027. The exclusion is set forth by [Revenue and Taxation Code section 6010.15](#), which provides that when a pawnbroker transfers property back to the person that had pledged the property to the pawnbroker as security for a loan, that transfer is not taxable under certain conditions.
