

ANNUAL REPORT

Supporting Our Communities

2017-18

LETTER FROM THE DIRECTOR

The Honorable Gavin Newsom Governor of California

September 2019

Dear Governor Newsom,

I am pleased to present you with the first *Annual Report* of the California Department of Tax and Fee Administration (CDTFA). This report details the highlights and accomplishments of fiscal year 2017-18.

The CDTFA supports California's state and local government finance system by administering 37 tax and fee programs that generated revenue of \$70.4 billion in 2017-18. In addition to the \$49.8 billion in state revenue, the Department collected more than \$20 billion on behalf of California's counties, cities and special tax districts.

Our dedicated team members are focused on fairly and efficiently administering the tax programs with which we have been entrusted. Our total costs for all operations in 2017-18 were \$591.8 million, only 84 cents for every \$100 of revenue collected. Of that amount, \$316.8 million came from the General Fund.

I am proud to work alongside the dedicated women and men of CDTFA. Together, we remain committed to making life better for all Californians by collecting the revenue that supports our essential public services.

I MADURE

Sincerely,

Nicolas Maduros

Director

PROFILE

ABOUT CDTFA

The California Department of Tax and Fee Administration (CDTFA) administers California's sales and use, fuel, tobacco, alcohol, and cannabis taxes, as well as a variety of other taxes and fees that fund specific state programs. CDTFA administered programs collect over \$70 billion annually which in turn supports local essential services such as transportation, public safety and health, libraries, schools, social services, and natural resource management programs through the distribution of tax dollars going directly to local communities.

Tax programs administered by the CDTFA are concentrated in two general areas – sales and use, and special taxes and fees.

To best serve our customers, the CDTFA has field offices throughout the state along with offices located in New York, Chicago, and Houston. While the CDTFA team is spread out geographically, we are united in working together to serve taxpayers and feepayers.

MISSION

We make life better for Californians by fairly and efficiently collecting the revenue that supports our essential public services.

CORE PRINCIPLES

Being **SMART** about how we achieve our mission.

- We are building the nation's most effective revenue agency. By streamlining our processes and
 harnessing new technologies, we will do our jobs more effectively and adapt to meet the challenges
 of the modern marketplace.
- We stress innovative problem solving in everything we do. While recognizing that the old way may still be best, we never stop looking for a better way.

SERVING taxpayers so that they can comply with their responsibilities.

- We know that taxes can be complicated, and we are here to help. We are committed to being fair, accessible, and transparent.
- We recognize that fulfilling our responsibilities to the public requires quality service, communication, and respect. Our experience shows that when we serve our taxpayers well, success follows.

SUPPORTING one another as we work together to meet our goals.

- We are only as strong as our people. To attract and retain the best workforce, we recognize
 excellence, support our colleagues, act ethically, and provide team members the training necessary
 to succeed and grow.
- Integrity and honesty are at the heart of our organization. We aim to maintain high ethical standards in everything we do.

CDTFA AT A GLANCE:

FINANCIAL HIGHLIGHTS FOR THE PAST FIVE YEARS (Dollars in Millions)

HIGHLIGHTS

REVENUE

The revenue the CDTFA collects, distributes, and supports is essential to state and local government programs that benefit California's communities. Fiscal year 2017-18 revenues totaled \$70.4 billion, an increase of 9.5 percent from the \$64.3 billion collected in 2016-17.

ACCOMPLISHMENTS

The CDTFA accomplished the following goals in 2017-18 by being smart, service-oriented, and supporting our team.

ADMINISTERING TAX LAWS EFFICIENTLY AND CONSISTENTLY

- Implemented phase two of the Centralized Revenue Opportunity System (CROS), CDTFA's new, streamlined statewide electronic tax filing system. This customer-centric system replaces the legacy computer system for the Sales and Use Tax Program and certain special tax and fee programs. CROS provides expanded online services to approximately 1.2 million customers.
- Conducted over 515 education and outreach events for taxpayers across the state in a six-month time
 period. These events included basic sales and use tax classes, online filing clinics, small business tax
 seminars, and nonprofit tax seminars.
- Implemented several priority legislative mandates:
 - Proposition 56 increased the state excise tax on cigarettes by \$2 per pack (from 87 cents to \$2.87) and increased the excise tax on other tobacco products by an equivalent amount. The ballot measure also applied the state excise tax on other tobacco products to electronic cigarettes. Increased revenues from Proposition 56 primarily are allocated to healthcare for low-income Californians and totaled \$1,475,717,405 in fiscal year 2017-18.
 - Senate Bill 1, which increased the excise tax on motor vehicle fuel and diesel fuels.
- Implemented new state taxes on adult use cannabis:
 - Implemented new online filing and payment systems for cannabis distributors.
 - Improved procedures and security measures for handling customer payments.
 - Opened a new satellite location to accommodate taxpayers in Humboldt County.
 - Created an external Cannabis Tax Advisory Group to gather feedback from members of the cannabis business community who seek to simplify compliance.
 - Introduced a new pilot project in which the Statewide Compliance and Outreach Program (SCOP) teams canvass known cannabis retailers to educate and assist them in complying with their tax obligations. (Since February 2018, SCOP has made approximately 1,390 visits and determined approximately 275 businesses were operating without a seller's permit. Approximately 200 of those businesses were referred to the Investigations Division.)
- Provided a *Call Me Back* option to those who call the Customer Service Center. Taxpayers and feepayers can opt to receive a call back rather than remaining on hold until their call is answered.

HIGHLIGHTS

TREATING EMPLOYEES FAIRLY AND IMPROVING COMMUNICATION AND ENGAGEMENT

- Provided department-wide training in merit-based hiring practices, ensuring compliance for all managers and supervisors.
- Developed and trained all team members on a comprehensive anti-nepotism policy required for all staff, surveyed all staff to identify personal relationships, and address all nepotism as appropriate.
- Conducted a statewide employee engagement survey to determine a baseline against which to measure future improvements. Solicited feedback from team members to enhance the Department culture, and increase engagement at CDTFA.
- Enhanced and created direct communication vehicles throughout the Department via quarterly town halls, bi-weekly local office operation video conferencing, local office visits, weekly senior manager meetings, and sharing information via a weekly newsletter.
- Launched an Ethics Hotline to provide a confidential means to report violations of policy and inappropriate behavior.
- Created a Diversity and Inclusion Working Group to enhance engagement with current and future
- A volunteer staff committee formed whose members develop projects and events that promote diversity and inclusion throughout all CDTFA offices and increase engagement of teams across the Department.
- Re-established a formal mentoring program.
- Updated intranet webpage with video tutorials and materials to improve training and development of team members.

- Hosted a Career Center to provide guidance on career paths, training, interviewing, and exam techniques. Over 134 consultations were conducted last year.
- Piloted professional development classes, offered over 56 professional development courses and
 7 Leadership Academy courses to CDTFA team members. Topics addressed included Managing
 Conflict, Communication, and Time Management, in addition to the Statewide Leadership
 Development Model framework.
- Developed a confidential comment box to encourage team members to email suggestions and feedback directly to the Director.

STRENGTHENING AND ENSURING INTERNAL CONTROLS

- Implemented corrective action plans for findings related to CDTFA's predecessor, the State Board
 of Equalization (BOE), by the California State Auditor, the California State Personnel Board, the
 California Department of Finance, and the California Department of General Services. Of the 27
 findings, 15 have been fully addressed and closed; 12 are actively in process.
- Hired CDTFA's first Chief Financial Officer (CFO) to oversee the new Financial Management
 Division which includes accounting, budgets, local revenue allocation, tax revenue branch, and
 research and statistics functions. Added the new CFO to the Audit Committee.
- Formed an Enterprise Risk Management Committee (ERMC), which consists of senior staff members, to analyze all risks and create action plans for risk mitigation.
- Expanded employee fingerprinting and background check policies and procedures to comply with updated federal requirements.

Please visit *www.cdtfa.ca.gov* for more information about rules, regulations, legislation, and California Court Decisions during fiscal year 2017-18.

REVENUES and OPERATIONS

The CDTFA is committed to creating a better life for Californians. We work with businesses large and small to finance schools and libraries, invest in law enforcement and public safety programs, to improve our roads and transportation needs, and protect our natural resources. We do all of this by fairly and efficiently collecting the revenue makes our public services possible.

SALES AND USE TAXES

California sales and use tax revenue totaled \$57.1 billion in 2017-18, an increase of 6.2 percent from the \$53.8 billion total in 2016-17. Sales and use tax revenue included:

\$25.8 billion allocated to the state's General Fund;

\$7.0 billion allocated to the state's Local Revenue Fund 2011 (tax rate of 1.0625 percent);

\$3.5 billion allocated to the state's Local Revenue Fund (tax rate of 0.50 percent);

\$3.5 billion allocated to the Local Public Safety Fund (tax rate of 0.50 percent);

\$8.7 billion from the 1.25 percent Bradley-Burns Uniform Local Sales and Use Tax, allocated among all of the state's 58 counties and 480 cities;

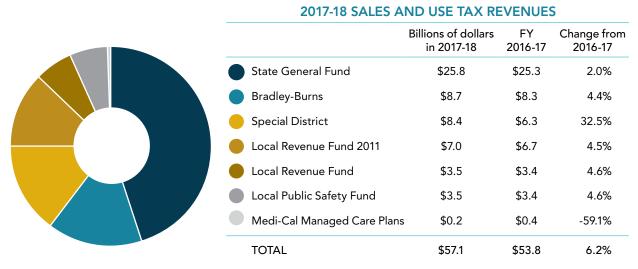

\$8.4 billion in special district transactions (sales) and use tax (rates vary by district); and \$0.2 billion Medi-Cal Managed Care Plans.

Sales and use tax allocations to the General Fund were 2.0 percent higher than in 2016-17.

PROGRAMS

Retailers engaged in business in California pay the state's sales tax, which applies to all retail sales of goods and merchandise, except those sales specifically exempted by law. California consumers of tangible personal property used, consumed, or stored in this state pay use tax. Use tax applies to purchases from out-of-state vendors (including purchases made by mail order, telephone, or Internet) and applies to most leases of tangible personal property. The state sales and use taxes are mutually exclusive, which means either sales tax or use tax applies to a single transaction, but not both. State sales and use taxes provide revenue to the state's General Fund, to cities and counties through specific state fund allocations, and to other local jurisdictions.

The total sales and use tax rate in a specific California location has three parts: the state tax rate, the local tax rate, and any district tax rate(s) that may be in effect.

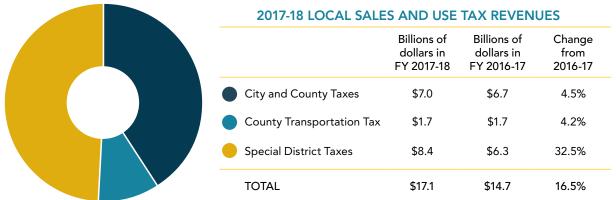

Note: Detail may not compute to total due to rounding

Bradley-Burns Uniform Local Sales and Use Tax

In fiscal year 2017-18, the CDTFA collected and allocated the 1.25 percent Bradley-Burns Uniform Local Sales and Use Tax for all California cities and counties. For each sale, the 0.25 percent local tax was allocated to the county where the sale occurred for local transportation projects. The remaining 1.00 percent local tax was allocated to the county or an incorporated city, generally depending on the location of the sales negotiations.

City and county local tax distributions are detailed in Tables 21A and 21B.

Note: Detail may not compute to total due to rounding

District Transactions (Sales) and Use Tax

The CDTFA collects and distributes voter-approved district transactions (sales) and use tax on behalf of tax districts throughout the state. The district taxes fund a range of local services and infrastructure, including general government, transportation projects, open space, hospitals, and public libraries. Some California locations lie within more than one tax district.

A complete list of tax districts, jurisdictions, and revenues is found in Table 21C.

In fiscal year 2017-18, the CDTFA administered 268 district taxes (57 countywide and 211 citywide districts.) The rates of these district taxes ranged from 0.10 percent to one percent. The following districts became effective, were extended, or expired during fiscal year 2017-18:

NEW DISTRICT TAXES FY 2017-18

Effective July 1, 2017

Los Angeles County Traffic Improvement Plan (in addition, the rates for all cities within the county increased by 0.50%)	0.50% (new)				
Effective October 1, 2017					
City of Corcoran Transactions and Use Tax	1.00% (new)				
City of Lindsay Transactions and Use Tax	1.00% (new)				
City of San Pablo Transactions and Use Tax	0.25% (decreased) (existing 0.50% tax decreased to 0.25%)				
City of Seaside 2017 Transactions and Use Tax	0.50% (new)				
Los Angeles County Measure H (Homeless) (in addition, the rates for most cities within the county increased by 0.25%)	0.25% (new)				

Effective April 1, 2018

City of Burlingame Essential Services Transactions and Use Tax	0.25% (new)
City of Farmersville 2018 Transactions and Use Tax	0.50% (new)
City of Hawthorne Transactions and Use Tax	0.75% (new)
City of Larkspur Essential Transactions and Use Tax	0.75% (increased and extended) (existing 0.50% tax increased to 0.75% and extended expiration date indefinitely)
City of Palm Springs 2018 Transactions and Use Tax	0.50% (new)
City of Santa Barbara Infrastructure Services Transactions and Use Tax	1.00% (new)
City of Vacaville 2017 Transactions and Use Tax	0.75% (increased and extended) (existing 0.25% tax increased to 0.75% and extended expiration date to 3-31-2038)
City of Woodlake Transactions and Use Tax	1.00% (new)
City of La Mirada Transactions and Use Tax	1.00% (expired 3-31-2018)
City of Nevada City Transactions and Use Tax	0.375% (expired 3-31-2018)
Mendocino County Mental Health Treatment Act Tax (in addition, the rates for all cities within the county increased by 0.50%)	0.50% (new)

Sales made by retailers in a jurisdiction levying a district tax are generally subject to a total sales tax rate that includes the statewide rate and the applicable district tax rate (see Table 23). While the provisions of the Transactions and Use Tax Law are similar to state and local sales and use tax laws, differences do exist, particularly regarding sales of aircraft, registered vehicles, and undocumented vessels. Property purchased for use in a district may be subject to that district's use tax.

FUNDING FOR LOCAL GOVERNMENTS

Below is a sampling of counties and cities throughout California and the revenue distributed to them by the CDTFA.

Alameda County City of Dublin	\$332,913,486 \$20,400,883	Sacramento County City of Rancho Cordova	\$246,814,890 \$18,265,537
Amador CountyCity of Jackson	\$4,679,338 \$943,065	San Bernardino County City of Fontana	\$388,464,966 \$38,365,900
Contra Costa County City of Pinole	\$168,251,927 \$3,842,705	San Diego County City of El Cajon	\$573,363,388 \$26,480,255
Humboldt County City of Eureka	\$21,936,667 \$10,235,110	City and County of San Francisco	\$189,388,197
Imperial County City of Westmorland	\$27,109,166 \$138,881	San Joaquin County City of Lodi	\$127,954,720 \$12,380,473
Kern CountyCity of Ridgecrest	\$141,230,492 \$3,213,623	San Luis Obispo County City of Paso Robles	\$52,060,172 \$10,211,087
Lake County City of Clearlake	\$6,204,712 \$1,654,559	San Mateo County City of Daly City	\$166,822,939 \$12,117,323
Los Angeles County City of Irwindale	\$1,595,735,313 \$4,153,823	Santa Clara CountyCity of Mountain View	\$432,922,200 \$20,245,739
Monterey County City of Monterey	\$69,887,381 \$8,514,926	Tehama CountyCity of Tehama	\$8,186,024 \$4,316
Orange County City of Huntington Beach	\$628,824,240 \$39,152,692	Tulare CountyCity of Farmersville	\$72,662,127 \$619,640
Placer CountyCity of Colfax	\$94,936,692 \$1,278,379	Yuba County City of Marysville	\$5,779,457 \$1,828,104

OPERATIONS

The CDTFA's sales and use tax programs are administered through its Sacramento Headquarters and 22 offices located throughout the state. CDTFA staff in the Department's New York, Chicago, Houston, and the Sacramento Out-of-State Office work with taxpayers located outside California who are registered to do business in this state.

As of June 30, 2018, the number of sales and use tax permits totaled 999,318 which represented 1,198,092 business locations. The number of sales and use tax returns processed totaled 2,290,128 in fiscal year 2017-18.

Compliance Activities

The CDTFA compliance team ensures sellers properly comply with permit requirements, assist sellers in interpreting tax laws and regulations, provide classroom instruction and individual assistance in the correct preparation of tax returns, and collect outstanding tax amounts. In fiscal year 2017-18, the CDTFA collected more than \$1.0 billion in delinquent sales and use taxes.

Consumer Use Tax Section

The Consumer Use Tax Section works closely with state and federal agencies in administering the use tax due on non-dealer sales of vehicles, vessels, aircraft, and mobile homes. For fiscal year 2017-18, revenues totaled \$677.6 million, including funds collected by the CDTFA and:

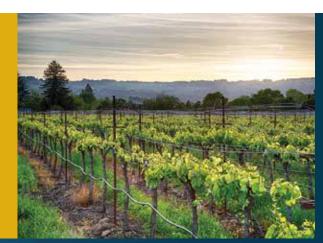

- \$638.9 million collected by the Department of Motor Vehicles (DMV).
- \$2.9 million collected by the Department of Housing and Community Development (HCD).

Consumer use tax net revenues increased by 22 percent from the prior year.

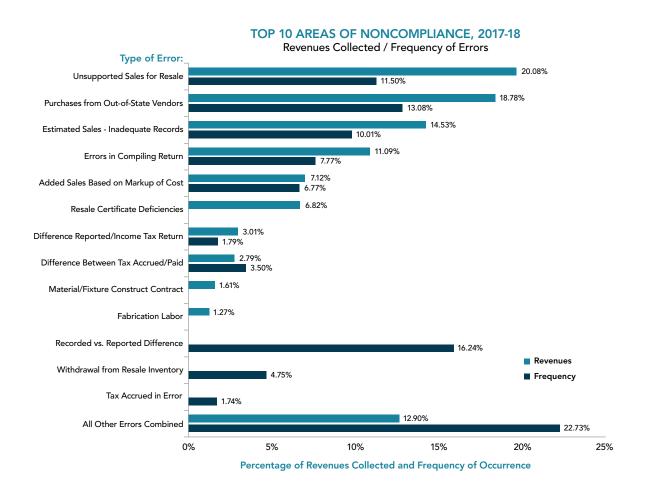

Audit Program

The CDTFA maintains an effective audit program to ensure businesses report the correct amount of tax. The program audits approximately one percent of active accounts each year, concentrating on those most likely to be inaccurate in their tax reporting. In fiscal year 2017-18, the sales and use tax audit program disclosed net deficiencies of more than \$528.5 million. Taxpayers received nearly \$262.5 million in sales and use tax refunds.

Areas of Taxpayer Noncompliance

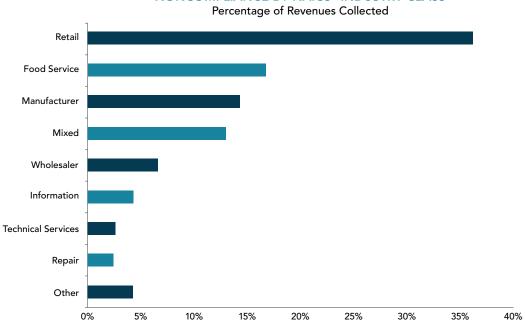

The frequency of errors is the number of times the error occurred in each area of non-compliance divided by the total number of errors in all audits completed.

REVENUES and OPERATIONS

NONCOMPLIANCE BY NAICS* INDUSTRY CLASS

*NAICS—North American Industry Classification System.

Statewide Compliance and Outreach Program

The Statewide Compliance and Outreach Program (SCOP) was established to educate businesses about their tax responsibilities. SCOP representatives conduct visits to nonresidential businesses to verify they hold the required state tax permits and answer any questions the business owners may have. These representatives also contact business owners by phone. In addition, they verify and update CDTFA account information and compare actual business operations to returns filed to provide guidance on proper reporting. SCOP representatives from ten statewide teams visited or contacted 76,373 businesses during fiscal year 2017-18. Of those businesses, 895, or approximately 0.9 percent, were found to be operating without a valid seller's permit. In addition, 1,068 sub-locations were added to existing permits, which ensures proper tax allocation for local governments. SCOP's contacts also generated 18,644 account record updates, and approximately \$27.95 million in revenue.

SPECIAL TAX AND FEE PROGRAMS

In fiscal year 2017-18, the CDTFA administered 33 special tax and fee programs involving a broad range of activities and transactions. In partnership with other state and local agencies, the CDTFA collects funds to help maintain our roads and highways, provide emergency services such as 911, preserve our natural resources, and offer social services and healthcare programs. Other receipts are directly allocated to the state's General Fund.

REVENUES

For fiscal year 2017-18, CDTFA-administered special tax and fee program revenues totaled \$13.3 billion, an increase of 26.9 percent from 2016-17 total revenues of \$10.4 billion. Fuel taxes totaled \$6.8 billion, while alcohol and tobacco taxes totaled approximately \$2.5 billion.

Note: Detail may not compute to total due to rounding

PROGRAMS

This section includes information regarding special tax and fee program revenue, significant program highlights, and the number of program registrants or licensees. More detailed information regarding individual tax and fee programs is found in publication 41A, *Taxes and Fees Administered by the California Department of Tax and Fee Administration*, which accompanies this report. This publication includes information on what is taxed or licensed, who pays, tax and fee rates, year-to-year revenue changes, and how revenues from each program are used on behalf of California residents.

REVENUES and OPERATIONS

Alcoholic Beverage Tax

This tax is imposed on the manufacture, sale, or importation of alcoholic beverages. The CDTFA administers this tax on behalf of the California State Board of Equalization (BOE). Funds from the Alcoholic Beverage Tax are placed in the General Fund.

For fiscal year 2017-18, alcoholic beverage tax revenues totaled \$376.1 million, a 2.1 percent increase from \$368.4 million in 2016-17. As of June 30, 2018, the number of program registrants totaled 9,250. Consumption data is found in Tables 28 and 29.

California Tire Fee

This fee is imposed on the sale of new tires used with motorized equipment. Retailers are required to collect the fee on each tire sold to a retail customer.

Revenues for the California Tire Fee for fiscal year 2017-18 totaled \$61.6 million. As of June 30, 2018, the number of program registrants totaled 13,965. The CDTFA administers this fee in cooperation with the California Department of Resources Recycling and Recovery (CalRecycle) and the Air Resources Board (ARB). Funds for the fee are used for the recycling, disposal and re-use of used tires, and for the mitigation of air pollution from used tires.

Cannabis Taxes

These taxes are imposed on the cultivation and retail sale of cannabis and cannabis products. This program became effective January 1, 2018, with the first returns due on April 30, 2018.

As of June 30, 2018, program registrants numbered 1,504. In fiscal year 2017-18, cannabis tax collections totaled \$56.4 million. Proceeds from the taxes are used to carry out the purposes of the Medicinal and Adult-Use Cannabis Regulation and Safety Act.

Childhood Lead Poisoning Prevention Fee

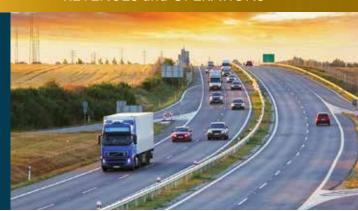

This fee is assessed on the motor vehicle fuel industry, the architectural coating industry and facilities that release lead into the atmosphere. For fiscal year 2017-18, Childhood Lead Poisoning Prevention Fee collections totaled \$21.2 million. As of June 30, 2018, program registrants numbered 655. The CDTFA administers this fee in cooperation with the California Department of Public Health (CDPH).

Cigarette and Tobacco Products Licensing Program

This program requires statewide licensing of all manufacturers, importers, distributors, wholesalers, and retailers of cigarette and tobacco products. Licensees are required to pay a one-time registration fee and annual renewal fee per license and location. Cigarette and Tobacco Products License revenues totaled \$10.5 million.

REVENUES and OPERATIONS

As of June 30, 2018, the number of licenses for each category were: cigarette and tobacco products distributors (877); cigarette manufacturers and importers (30); tobacco products manufacturers and importers (260); cigarette retailers (31,657); and cigarette and tobacco wholesalers (414). The Program and Compliance Bureau processed 238 citations and conducted 60 appeal hearings. Proceeds from this program cover licensing and inspections of cigarette and tobacco-related businesses.

Cigarette and Tobacco Products Taxes

These are taxes imposed on the distribution of cigarettes and tobacco products such as cigars, pipe tobacco, and eCigarettes containing nicotine. Combined revenues from cigarette and tobacco products totaled \$2.2 billion in fiscal year 2017-18, including \$1.9 billion from cigarettes and \$227 million from other tobacco products. These taxes are collected from cigarette and tobacco products distributors.

As of June 30, 2018, 870 tobacco products distributors and 73 cigarette distributors held licenses under this program. These license totals do not include 31 California cigarette or tobacco product consumers who are required to pay tax on their out-of-state (Internet or mail order) purchases because they do not hold licenses. Proceeds from these taxes are allocated to multiple areas, including the General Fund, healthcare services, and childhood development. Proposition 56, effective April 1, 2017, increased the cigarette tax by \$2.00 to \$2.87 per pack. The rate of tax on other tobacco products was similarly increased.

Diesel and Use Fuel Taxes

The per-gallon taxation of diesel fuel occurs upon removal from the rack or importation into the state. The per-gallon taxation of use fuel generally occurs at the point of sale. For fiscal year 2017-18, combined revenues from diesel and use fuel taxes totaled \$884.7 million, including \$103.2 million from the interstate user tax. Proceeds from this program are directed to the Highway Users Fund to construct and maintain public roads and mass transit systems.

Diesel Fuel Tax. As of June 30, 2018, program registrants and licensees totaled 31,706. Most are registered for fuel tracking or refund purposes.

Interstate Diesel Fuel User Tax. Most interstate motor carriers who travel on California highways pay the state's interstate user tax through the International Fuel Tax Agreement (IFTA), an agreement among 48 states and 10 Canadian provinces. The vast majority of IFTA revenue comes from diesel fuel use. As of June 30, 2018, California-based IFTA licensees totaled 24,025. Carriers who travel only between California and Mexico also pay the interstate user tax. As of June 30, 2018, non-IFTA carrier registrants totaled 980.

Use Fuel Tax. As of June 30, 2018, alternative fuel user registrants totaled 813 and use fuel vendors registrants totaled 400.

Electronic Waste Recycling Fee

This is a fee imposed upon the purchase of new or refurbished televisions, computer monitors, laptops and other covered electronic devices (CEDs). Retailers are required to collect the fee from their customers. For fiscal year 2017-18, Electronic Waste Recycling Fee revenue totaled \$83.1 million.

As of June 30, 2018, retailers of specified new or refurbished electronic equipment registrants totaled 10,673. The CDTFA administers the program for CalRecycle in cooperation with the Department of Toxic Substances Control (DTSC). Proceeds from the fee are used to fund electronic waste recycling programs to reduce toxic waste in landfills.

Energy Resources Surcharge

This is a surcharge imposed on the consumption of electrical energy paid for by electrical utilities and by consumers. Energy Resources Surcharge revenues totaled \$68.9 million in fiscal year 2017-18. As of June 30, 2018, electric utility and consumer registrants totaled 184. The surcharge funds ongoing statewide energy programs and projects.

Hazardous Substances Programs

The CDTFA administers four Hazardous Waste Fee programs in cooperation with the DTSC. Proceeds from these programs are dedicated to the regulation of hazardous waste management and the cleanup of contaminated sites.

Fee revenues for fiscal year 2017-18 and the number of businesses registered as of June 30, 2018, are as follows:

Hazardous Waste Disposal Fee. This fee is an annually-imposed, per-ton fee imposed on facilities that dispose of hazardous waste into or onto land. Revenue: \$6.4 million; registered facilities: 8.

Hazardous Waste Environmental Fee. This fee is annually-imposed, and is based on the number of workers employed more than 500 hours per year in industries that use, generate, store, or conduct activities relating to hazardous waste. Revenue: \$55 million; registered organizations: 49,407.

Hazardous Waste Facility Fee. This is a varying annual fee based on facility type and is based on the storage, treatment, or disposal of hazardous waste at a hazardous waste facility. Revenue: \$5.4 million; registered facilities: 189.

Hazardous Waste Generator Fee. This is an annual fee based on the amount of hazardous waste generated at a specific site. The Generator Fee is imposed on generators who have not paid a facility fee. Revenue: \$29.5 million; registrants: 5,448 feepayers with a total of 12,141 sites in the state.

Insurance Tax

This is a tax levied upon the gross premiums of insurance companies in lieu of most other taxes. The California Department of Tax and Fee Administration administers the Insurance Tax Program in cooperation with the California State Board of Equalization (BOE), the California Department of Insurance (CDI), and the Office of the State Controller (SCO). The CDTFA's responsibilities include issuing deficiency assessments as well as refunds, and evaluating appeals. Registration numbers reflect only those accounts registered with CDTFA for administrative purposes. Revenues reflect all companies in California.

For fiscal year 2017-18, insurance tax revenue from this tax totaled \$2.3 billion. As of June 30, 2017, 2,152 insurance companies were registered with the CDTFA and an additional 650 companies were registered as surplus line brokers.

Integrated Waste Management Fee

This is a per-ton fee imposed on the disposal of nonhazardous waste into solid waste landfills. The fee is imposed on operators of solid waste landfills. Revenues totaled \$55.2 million in fiscal year 2017-18. As of June 30, 2018, registered solid waste landfill and wood waste facility operators totaled 147. The CDTFA administers this program in cooperation with CalRecycle. Funds from the fee are used for landfill-related environmental programs.

Lead-Acid Battery Fees

These are fees imposed on the purchase of replacement lead-acid batteries by consumers and sales of lead-acid batteries by manufacturers to dealers, wholesalers, or distributors. This program became effective April 1, 2017, with the first returns due after July 1, 2017. As of June 30, 2018, there were 83 registered manufacturers and 6,733 retailers registered for the program, which is administered in cooperation with DTSC. Revenues for fiscal year 2017-18 totaled \$17.2 million. Funds from the fees are used by the DTSC for the investigation, site evaluation, cleanup, removal, monitoring, or other response actions at any area in the state that may have been contaminated by the operation of a lead-acid battery recycling facility.

Lumber Products Assessment

This is an assessment imposed on the purchase of lumber products and engineered wood projects. For fiscal year 2017-18, Lumber Products Assessment revenues totaled \$47.8 million. As of June 30, 2018, registered retailers that reported sales of lumber or engineered wood products totaled 4,066. The CDTFA administers this program in cooperation with CAL FIRE. Proceeds from this program are directed to the regulation of the state's forests.

Marine Invasive Species Fee

This is a per-visit fee imposed on owners and operators of vessels entering California ports after having taken on ballast water from areas outside coastal waters. Revenues for the Marine Invasive Species Fee totaled \$5.6 million for fiscal year 2017-18. As of June 2018, registered feepayers for this program totaled 7,113. The CDTFA administers this program in cooperation with the State Lands Commission (SLC). Proceeds from the fee are used to support a program that addresses the introduction of non-native aquatic species into the state's waters.

REVENUES and OPERATIONS

Motor Vehicle Fuel Taxes

The per-gallon taxation of motor vehicle fuel occurs upon removal from the rack or importation into the state.

Motor Vehicle Fuel Tax. For fiscal year 2017-18, Motor Vehicle Fuel Tax revenues totaled \$5.9 billion. As of June 30, 2018, registrants and licensees totaled 311 (161 suppliers and 150 other accounts). Funds from this program are directed to the Highway Users Fund to construct and maintain public roads and mass transit systems. The CDTFA administers this program in cooperation with the SCO.

Aircraft Jet Fuel Tax. The per-gallon taxation of aircraft jet fuel occurs at the point-of-sale. For fiscal year 2017-18, aircraft jet fuel tax revenues totaled \$3.2 million, based on the taxable sale or use of 161.9 million gallons of aircraft jet fuel. As of June 30, 2018, 215 jet fuel dealers were registered with the CDTFA.

Natural Gas Surcharge

This is a varying surcharge that is imposed on the consumption of natural gas used by customers of a public utility gas corporation or an interstate pipeline. Natural Gas Surcharge revenue totaled \$618.8 million in fiscal year 2017-18. As of June 30, 2018, registered public utility gas corporations totaled 21 and consumers who purchased gas through interstate pipelines totaled 9. Funds from the surcharge are directed towards low-income heating and energy assistance, energy conservation, and related purposes.

Occupational Lead Poisoning Prevention Fee

This is an annual fee based on the number of employees in industries with documented evidence of potential lead poisoning. For fiscal year 2017-18, Occupational Lead Poisoning Prevention Fee revenues totaled \$3.5 million. As of June 30, 2017, registrants totaled 10,726. Funds from the fee are directed to support the state's lead poisoning prevention program. The CDTFA administers this program in cooperation with the CDPH.

Oil Spill Response, Prevention, and Administration Fees

Oil Spill Prevention and Administration Fee. This is a per-barrel fee on crude oil and petroleum products at marine terminals and refineries, as well as crude oil transported out of state by pipeline, and petroleum products transported into California by pipeline. For fiscal year 2017-18, Oil Spill Prevention and Administration Fee revenues totaled \$46.6 million.

As of June 30, 2018, registrants totaled 32. Funds are used to support oil spill prevention programs and studies of spill effects, prevention, and response. The CDTFA administers this program in cooperation with the Department of Fish and Wildlife (DFW).

Oil Spill Response Fee. This is a per-barrel fee on crude oil and petroleum products. The Oil Spill Response Trust Fund reached its maximum \$50 million level in 1991. Oil spill response fees have not been collected since that time. As of June 30, 2018, registrants totaled 36. Funds are used to pay for response to and cleanup of marine oil spills, related wildlife care and oil spill-related damages. The CDTFA administers this program in cooperation with the DFW.

Telecommunications Surcharges

These surcharges fund the State Emergency Telephone Account for local operations of the 911 emergency system.

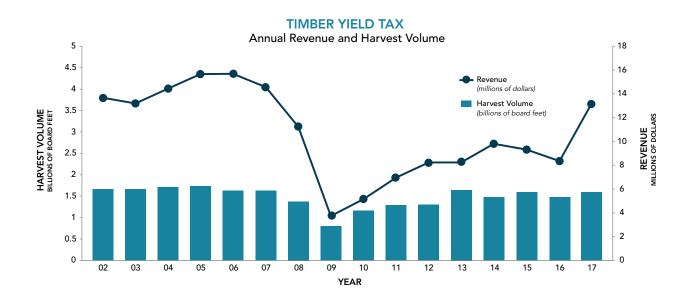

Emergency Telephone Users Surcharge and Prepaid 911 Surcharge. This is a surcharge on telephone users paid for through telephone service suppliers on the charges for intrastate telephone service and Voice over Internet Protocol (VoIP) services that provide access to the statewide 911 emergency telephone system. For fiscal year 2017-18, Emergency Telephone Users Surcharge and Prepaid 911 Surcharge revenue totaled \$60.5 million. As of June 30, 2018, registered telecommunication providers totaled 720.

Prepaid Mobile Telephony Surcharge. This is a surcharge on retail transactions involving a sale of prepaid mobile telephony or wireless services to a customer. Prepaid Mobile Telephony Surcharge total revenues for fiscal year 2017-18 were \$18.7 million. As of June 30, 2018, sellers of prepaid mobile telephony or prepaid wireless telephone services totaled 3,282.

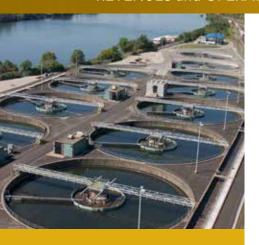

Timber Yield Tax

Timber owners pay the 2.9 percent timber yield tax based on the immediate harvest value of trees harvested for wood products. Revenues are returned to the counties where the timber was harvested. Calendar year 2017 revenues totaled \$16.1 million.

Timber harvest volume increased from 1.5 billion board feet in 2016 to 1.6 billion board feet in 2017. The total value of the year's harvest increased from \$307 million to \$429 million. The number of registered timber owners increased from 1,507 active program registrants at the end of June 2017, to 1,689 active program registrants during fiscal year 2017-18. Thirty owners paid approximately 74 percent of the tax collected in 2017.

REVENUES and OPERATIONS

Underground Storage Tank Maintenance Fee

This is a per-gallon fee imposed on the owners of the storage tanks for placing petroleum products into underground storage tanks. For fiscal year 2017-18, Underground Storage Tank Maintenance Fee revenues totaled \$347 million. As of June 30, 2018, there were 7,951 feepayers representing 13,484 underground storage tank locations. Funds from the program are used to ensure cleanup of leaking underground petroleum storage tanks. The CDTFA administers this program in cooperation with the State Water Resources Control Board (SWRCB).

Water Rights Fee

This is an annual assessment on holders of, and applicants for, water rights permits and licenses. Revenues from the Water Rights Fee totaled \$17.8 million in fiscal year 2017-18. As of June 30, 2018, the number of registrants totaled 13,989. The CDTFA administers this program in cooperation with the SWRCB. Funds from the program are used to fund the operations of SWRCB's Division of Water Rights.

OPERATIONS

Audit Program

Staff members in the Audit and Carrier Bureau have the primary responsibility for auditing special tax and fee program accounts. In fiscal year 2017-18, the special tax and fee audit program disclosed net deficiencies of more than \$85.8 million and identified \$800,000 in refunds.

Compliance Activities

The CDTFA compliance team ensures proper registration and licensing of businesses, assists taxpayers and feepayers in interpreting tax and fee laws and regulations, and provides help with tax and fee returns. The CDTFA processed 265,004 special tax and fee returns during fiscal year 2017-18.

Compliance staff members also collect delinquent payments and refer tax evasion or fraud cases to the Department's Investigations Division.

Fuel Tax Compliance

The CDTFA staff at California Highway Patrol (CHP) Truck Inspection Facilities and the California Department of Food and Agriculture (CDFA) Agricultural Inspection Stations assist in enforcing the state's fuel tax laws. They ensure that motor carriers traveling into California without current fuel tax licenses or fuel trip permits are brought into compliance before traveling on the state's highways. The team assesses penalties for noncompliance and collects outstanding taxes.

Cigarette Tax Compliance and Enforcement

The CDTFA protects honest businesses against those that are not compliant with tax laws or engage in tax evasion. CDTFA investigators with Limited Peace Officer (LPO) status are authorized to conduct inspections, seize illegal products, and issue civil and misdemeanor citations to those in violation of the state's cigarette and tobacco products tax laws. In 2017-18, CDTFA investigators conducted 11,819 compliance inspections, issued 169 citations for various violations of the cigarette and tobacco products tax laws, and executed 141 seizures of contraband cigarettes and tobacco products that included 39,513 packs of contraband cigarettes and tobacco products with a wholesale cost of \$39,954 for the tobacco products alone.

Pursuing the Underground Economy

As a member of TRaCE, CDTFA investigators are assigned to both the Northern and Southern California TRaCE task forces to collaborate with state and federal agencies on criminal investigations where there is a CDTFA criminal tax evasion nexus.

The mission of TRaCE is to combat organized elements of the underground economy engaged in the manufacture, importation, distribution, and sale of pirated intellectual property, and other economic crimes resulting in the evasion of business, payroll, and/or income taxes.

In fiscal year 2017-18, the TRaCE Task Force received 207 complaints through the central intake system resulting in 28 viable cases. CDTFA had a nexus to 68 percent of the cases and was the primary or secondary component to 20 active investigations. Fiscal year 2017-18 TRaCE activities included the successful prosecution of 12 cases with a CDTFA nexus.

TAXPAYER RESOURCES

CDTFA is improving taxpayer services by expanding our online services, increasing our outreach, communication and education efforts, and minimizing the taxpayer burden and increasing compliance. The CDTFA strives to provide the tools, information, and customer service necessary to help taxpayers and feepayers understand and fulfill their tax and fee obligations. To accomplish this, the CDTFA offers a full range of services tailored to the diverse needs of the state's businesses—from 24-hour electronic services to in-person assistance with tax compliance questions.

RESOURCES AND ASSISTANCE

CUSTOMER SERVICE CENTER: 1-800-400-7115 (CRS:711)

In fiscal year 2017-18, the CDTFA's Customer Service Center received nearly 623,000 calls from the general public, tax practitioners, taxpayers, and feepayers. This was an increase of 13 percent from fiscal year 2016-17. Approximately 87 percent of callers spoke directly with a representative for assistance with online services, account maintenance, and program-related questions. Spanish-speaking calls rose 12 percent in fiscal year 2017-18. Callers experienced an average wait time of five minutes. In addition to handling hundreds of thousands of calls, the Customer Service Center also received approximately 19,000 general tax question emails from website visitors, an increase of nearly 5,000 emails received over the prior fiscal year.

CDTFA WEBSITE: WWW.CDTFA.CA.GOV

Striving to make doing business in California as easy as possible, the CDTFA's extensive website improved our online services to taxpayers and feepayers with the successful transition to Centralized Revenue Opportunity System (CROS) from our older legacy systems. The website is also a source of industry-specific information resources and videos to reach additional taxpayers with easy-to-understand tax assistance on demand.

It also publicizes available workshop opportunities and houses forms, publications, statutes, regulations, reports, tax news, and special features for taxpayers, local governments, and the general public. Unique site visits to the CDTFA website rose to more than 18 million in fiscal year 2017-18.

PUBLICATIONS, SPECIAL NOTICES, EBLASTS, AND NEWSLETTERS

The Department regularly issues publications and special notices to assist taxpayers with their compliance obligations. The Department also published four tax newsletters that serve more than one million readers: the *Tax Information Bulletin*, *Economic Perspective*, *Special Taxes and Fees Newsletter*, and *News for Tax Practitioners*.

Translated Forms and Publications

The CDTFA is committed to the education of all California taxpayers, including non-English speakers, helping them understand their tax obligations and improving voluntary compliance.

To promote tax compliance and better serve the needs of California's diverse business community, the CDTFA has information in Spanish and other languages.

TAXPAYER RESOURCES

TAXPAYER AND PUBLIC OUTREACH

Keeping up with changing tax laws can be challenging for any business. The CDTFA is dedicated to educating taxpayers through seminars, interactive learning opportunities, online classes, videos, tutorials, and industry tax and fee guides.

Interested Parties Meetings

The CDTFA hosts Interested Parties Meetings to work with and seek comments and suggestions from stakeholders to resolve as many issues as possible to begin formal rulemaking. The Business Tax and Fee Division hosted two Interested Parties Meetings in fiscal year 2017-18:

- The provisions of Assembly Bill 398, which expanded the partial exemption for manufacturing and research and development equipment to specified green energy electric power generation and distribution equipment.
- The provisions of the Revenue and Taxation Code (commencing with section 34010) pertaining to the cannabis excise and cultivation taxes.

Taxpayer Events and Education

In fiscal year 2017-18, the CDTFA offered a variety of in-person training seminars and classes to the public.

- 196 Basic Sales and Use Tax Classes/Tax Return Preparation Classes (170 conducted in English, 26 in Spanish)
- 87 Online Filing Clinics (72 in English, 15 in English and Spanish)
- 22 workshops (20 in English and 2 in Spanish) held on a variety of subjects at locations outside a CDTFA office
- 18 Small Business Seminars (17 in English and 1 in Spanish)
- 15 International Fuel Tax Agreement (IFTA) Workshops
- 7 Cigarette and Tobacco Products Seminars for Retailers
- 7 eFile Clinics (English/Spanish)
- 4 Nonprofit, Exempt, and Faith-Based Organizations Seminars

CDTFA continued outreach efforts to businesses, government, and community groups by coordinating speakers for 159 presentations through CDTFA's Speakers Bureau. These presentations cover the basics of sales and use tax, cannabis and other tax programs, and the taxpayer appeals process. The Speakers Bureau provides bilingual speakers in multiple languages upon request.

ONLINE EDUCATIONAL AND LEARNING PRODUCTS

In an effort to expand educational opportunities for taxpayers, the CDTFA offers a variety of online educational products. This is a convenient, cost-effective way for taxpayers to learn about their tax compliance obligations.

Online Seminars, Videos, Tutorials, and Guides

The CDTFA online seminars webpage offers videos, tutorials, and guides. These online resources allow for self-paced study available 24-hours a day. The videos provide information on various topics, including sales and use tax, online services, registration, returns, payments, and taxpayer rights.

Online Tutorial for Sales and Use Tax

As an alternative to attending an instructor-led Basic Sales and Use Tax Class, an online tutorial is available in English, Spanish, Chinese, Korean, and Vietnamese. The tutorial provides taxpayers the same information as the instructor-led class in a self-paced environment.

Alternative Online Cigarette and Tobacco Products Class

For those in California's more remote areas who may find it difficult to attend an instructor-led class, the CDTFA offers an online cigarette and tobacco products class for retailers, wholesalers, and distributors. These online seminars provide a quick and easy way for retailers, wholesalers, and distributors to understand their legal requirements relating to sales of all cigarettes and tobacco products. Changes in tobacco laws, such as the inclusion of electronic smoking devices that contain nicotine in the definition of a "tobacco product," are covered in these educational seminars. The online seminars provide the viewer the ability to submit topic-related questions directly to the CDTFA via email and receive a timely response.

New Industry and Tax and Fee Guides

Industry guides are a one-stop-shop for business owners and operators looking for relevant information on key tax and fee issues. These guides are a source of basic information that complement the CDTFA's many online publications. Two new industry and tax and fee guides debuted in fiscal year 2017-18. These new industry guides are:

- Fulfillment Centers
- Tax Guide for Reporting Requirement for Sales on State-Designated Fairgrounds

TAXPAYER RESOURCES

WELCOMING FEEDBACK

ONLINE SERVICES SURVEY

The CDTFA appreciates feedback. The online services survey allows users to provide valuable feedback about customer satisfaction. When asked how users would rate the online services, 62 percent marked "excellent" and more than 26 percent marked "good." This indicates an overall 88 percent favorable response.

HOW ARE WE DOING? SURVEYS

Another instrument to gauge public satisfaction is the *How Are We Doing?* survey available in field offices and online. This survey is designed to capture taxpayers' feedback on the quality of customer service they experienced. The results help the CDTFA improve its overall level of service. In fiscal year 2017-18, 99.2 percent of the surveys showed positive ratings for CDTFA customer service.

The Statewide Compliance and Outreach Program (SCOP) has its own specialized *How Are We Doing?* survey. This survey is provided to taxpayers during visits by the SCOP team staff and is also available on the Department website. The CDTFA received more than 3,200 survey responses, with 100 percent of the respondents indicating they were pleased with the quality of public service under this program.

AUDIT SURVEY

During a CDTFA tax and fee audit, field auditors are expected to adhere to the highest ethical and professional standards, and to conduct themselves in a professional manner. The auditors are also expected to administer the Sales and Use Tax Law in a fair and uniform manner. Following an audit, taxpayers are encouraged to provide their comments by completing and returning an audit survey form. Survey responses provide valuable information on the effectiveness of the audit program and help the CDTFA improve procedures to better serve the business community and taxpayers.

When individuals express dissatisfaction, make complaints, or raise a concern regarding an employee or service, the CDTFA makes every attempt to contact the individual and address the issues raised. CDTFA staff members work closely with the Taxpayers' Rights Advocate Office to help taxpayers who have not been able to resolve matters through the normal channels.

TAXPAYER ASSISTANCE

TAXPAYERS' RIGHTS ADVOCATE OFFICE

Consistent with the California Taxpayers' Bill of Rights, the Taxpayers' Rights Advocate:

- Resolves taxpayer and feepayer complaints or problems when normal channels do not work;
- Monitors CDTFA programs for compliance with the Taxpayers' Bill of Rights;
- Recommends new or revised policies and procedures;
- Ensures taxpayer and feepayer educational materials are clear and understandable; and
- Conducts Taxpayers' Bill of Rights meetings to give the public an opportunity to express their concerns, suggestions, and comments.

In fiscal year 2017-18, the Taxpayers' Rights Advocate Office assisted 824 businesses and worked closely with CDTFA professionals to implement a number of recommendations for improving taxpayer compliance, easing the burden of compliance, and facilitating uniform and fair administration of the law. This year's accomplishments are summarized in the *Taxpayers' Rights Advocate's 2017-18 Annual Report*. The report, available on the CDTFA's website, describes the Taxpayers' Rights Advocate Office's involvement in important new projects to assist taxpayers and feepayers, identifies work in process, contains examples of services provided to taxpayers and feepayers, and summarizes taxpayer contacts with the Taxpayers' Rights Advocate Office.

TAXPAYER RESOURCES

TAX APPEALS ASSISTANCE PROGRAM

The Tax Appeals Assistance Program (TAAP), managed by the Taxpayers' Rights Advocate, provides free legal assistance from law students to low-income and underrepresented individuals and businesses with certain types of appeals of less than \$30,000. Seven law schools throughout California participate in the program, with students instructed by three CDTFA tax counsels.

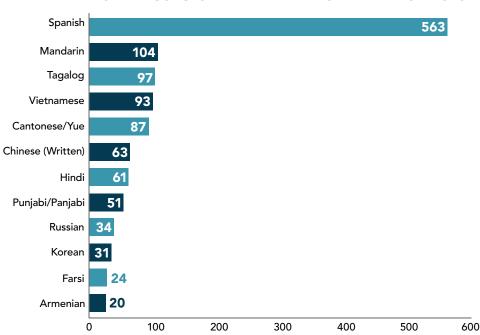

In fiscal year 2017-18, TAAP:

- Informed 601 individuals and businesses that they may qualify for the program;
- Accepted 209 cases into the program; and
- Resolved 105 cases.

More information about the program can be found in the *Taxpayers' Rights Advocate's 2017-18 Annual Report*. Contact information is available on the CDTFA website through the Taxpayers' Rights Advocate page.

INTERPRETER SERVICES

The CDTFA's Diversity and Inclusion Office maintains lists of bilingual employees who are available to assist taxpayers or members of the public who have limited English proficiency.

TOP LANGUAGES WITH AVAILABLE CDTFA TRANSLATORS

APPEALS

SALES AND USE TAXES AND SPECIAL TAXES AND FEES

Taxpayers who disagree with staff decisions regarding taxes or fees owed have the ability to seek resolution through the CDTFA's administrative appeals process. This formal appeals process generally begins with filing a written appeal called a petition for redetermination. The appeal then progresses through a series of steps to a hearing.

Petitions for redetermination filed this year included:

- 909 sales and use tax appeals
- 292 consumer use tax appeals
- 4,924 special taxes and fees appeals*

SETTLEMENT AND OFFER IN COMPROMISE PROGRAMS

The CDTFA is authorized by law to settle tax and fee disputes when appropriate. In fiscal year 2017-18, staff settled 745 cases for a total settlement amount of \$128.5 million. This included 722 sales and use tax cases for a settlement amount of \$128.2 million, and 23 special tax or fee cases for a settlement amount of \$258,567.

The CDTFA also provides an Offer in Compromise program for certain tax and fee final liabilities. In fiscal year 2017-18, it approved 297 offers in compromise.

^{*}During fiscal year 2017-18, the CDTFA handled one Childhood Lead Poisoning and Prevention Fee appeal. The California Department of Public Health (CDPH) is responsible for decisions related to Childhood Lead Poisoning and Prevention Fee appeals. The California Department of Forestry and Fire Protection (CAL FIRE) is responsible for decisions relating to the Fire Prevention Fee appeals, which numbered 4,892 in fiscal year 2017-18. Due to the passage of Assembly Bill 398 (Statute 2017, Ch. 135), the CDTFA ceased administering the Fire Prevention Fee effective July 1, 2017. The Fire Prevention Fee appeals covered periods prior to July 1, 2017. The remaining 31 appeals are related to other special tax and fee programs and are processed by CDTFA staff.

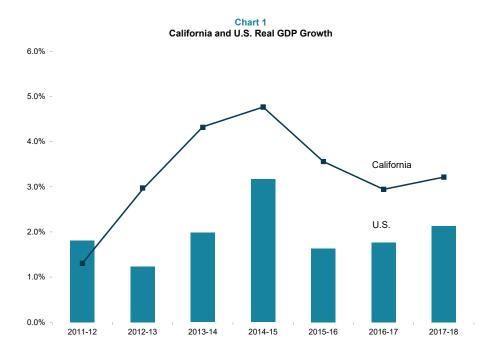

ECONOMIC ANALYSIS

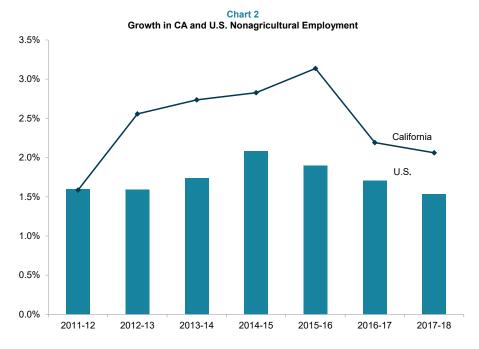

CALIFORNIA REAL GDP

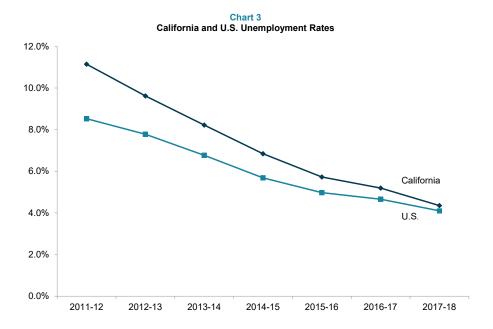

By some measures, the California economy outpaced national growth in fiscal year 2017-18. As shown in Chart 1, real California gross domestic product rose 3.5 percent, while real U.S. GDP rose 2.6 percent. The state's nonagricultural employment rose 2.1 percent, faster than the 1.5 percent U.S. increase (Chart 2).

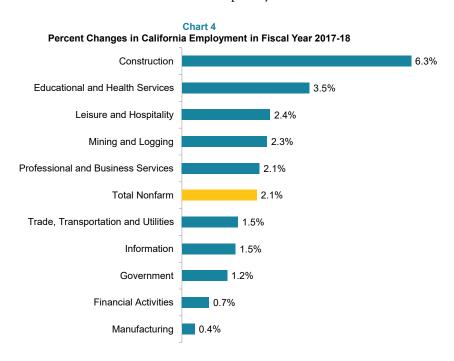

UNEMPLOYMENT RATE

As a result of strong growth in jobs, the California unemployment rate declined from 5.2 percent in 2016-17 to 4.4 percent in 2017-18 (Chart 3). The rate in fiscal year 2017-18 was well below the 5.0 percent rate in fiscal year 2006-07, the last year prior to the start of the Great Recession.

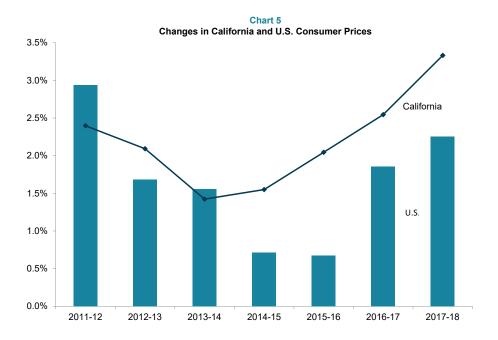

EMPLOYMENT

California nonagricultural employment rose by 343,000 jobs, a 2.1 percent increase. Construction led the gains in jobs in 2017-18, as shown in Chart 4. Other sectors with stronger than average job gains included education, health services, and leisure and hospitality.

CONSUMER PRICES

California consumer prices for all urban consumers rose 3.3 percent in 2017-18 (See Chart 5). Prices for the nation as a whole rose less, 2.3 percent. Larger increases in California home prices were responsible for much of the difference between state and national consumer price index changes.

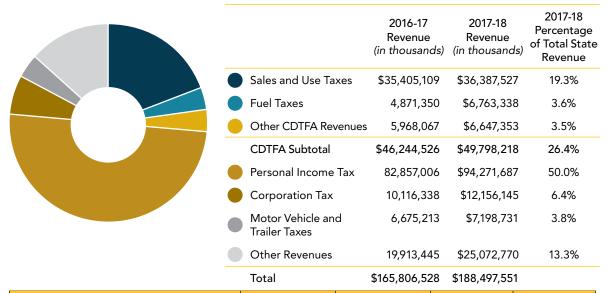

COMPARISON OF REVENUES 2016-17 AND 2017-18

Tax/Fee	2017-18	Yr-to-Yr Chg	2016-17

TABLE 1—Summary of Revenues From Taxes Administered by the California Department of Tax and Fee Administration, by Fiscal Year, 2011-12 to 2017-18, (Modified accrual basis of accounting)

Note: Large increases in revenues may be attributable to higher tax rates. Details on rate changes for the taxes listed above are presented in the historical statistical table for each tax program. Detail may not compute to total due to rounding.

FOOTNOTES

- e. Effective July 1, 2010, under the Fuel Tax Swap, purchases and sales of gasoline (excluding aviation gasoline) are exempt from the state portion of the sales and use tax rate (then 6 percent), and a corresponding increase in the excise tax rate on gasoline is imposed.
- f. Does not include amounts collected by the Department of Insurance.
- g. Effective January 1, 2013.
- h. Revenues shown represent those actually received during the indicated fiscal year. Local taxes extended on state-assessed properties include ad valorem special assessments collected by city and county officials.
- k. Effective July 1, 2011.
- l. Effective April 1, 2009, the state sales tax rate rose from 5 percent to 6 percent and was in effect until June 30, 2011. Effective July 1, 2011, the state sales tax rate was reduced to 3.9375 percent.
- m. Effective January 1, 2011, includes collection recovery costs.
- n. Effective July 1, 2013, through June 30, 2016, sales tax is imposed on sellers of Medi-Cal Managed Care Plans for the privilege of selling Medi-Cal related health care services at retail in California.
- Does not include insurance tax revenues because most of the work involved is
 performed by the Insurance Commissioner, and does not include property tax
 revenues on state-assessed properties because the local taxes are billed and collected
 by the counties.
- p. During FY 16/17, State Controller's Office did not setup the transfer accounts for MTS, therefore revenues received were allocated to the agencies. The revision for FY 16/17 reflects the actual MTS revenues prior allocation to the agencies.
- y. Alcohol/Insurance administered by CDTFA pursuant to an interagency agreement with BOE.

TABLE 2—Summary of Expenditures of the California Department of Tax and Fee Administration Fiscal Years 2016-17 and 2017-18

Function	Ex	Expenditures			
Function	FY 2016-17	FY 2017-18			
Personnel Services	\$444,499,000	\$441,493,000			
Operating Expenses and Equipment:					
General Expense	12,948,000	14,864,000			
Printing	1,831,000	1,038,000			
Communications	6,011,000	5,412,000			
Postage	3,264,000	2,856,000			
Insurance	16,000	16,000			
Travel-in-State	4,846,000	4,058,000			
Travel–Out-of-State	3,051,000	2,699,000			
Training	558,000	815,000			
Facilities Operations	43,904,000	43,878,000			
Utilities	292,000	242,000			
Consulting and Professional Services:					
Interdepartmental	12,318,000	14,234,000			
External	6,598,000	9,683,000			
Consolidated Data Center	8,396,000	11,187,000			
Data Processing	5,898,000	8,851,000			
Central Administrative Services	0	0			
Equipment	679,000	437,000			
Other Items of Expense	165,000	136,000			
Totals, Operating Expenses and Equipment	\$110,775,000	\$120,406,000			
Totals, Expenditures ^a	\$555,274,000	\$561,899,000			
Reimbursements	-191,092,000	-199,584,000			
Special Funds	-75,489,000	-75,376,000			
Federal Funds	-56,000	-39,000			
Net Expenditures (General Fund)	\$288,637,000	\$286,900,000			

a. Includes programs administered by CDTFA pursuant to an interagency agreement with BOE, which contains County and State Assessed Property programs total cost of \$5,835,000.

TABLE 3—Summary of Total Costs of Performing California Department of Tax and Fee Administration Functions, Fiscal Year 2017-18

Program	CDTFA Expenditures ^a	Non-CDTFA Expenditures ^b	Total Costs	Revenues	Ratio of CDTFA Expenditures to Revenues	Ratio of Total Costs to Revenues

Note: Numbers are rounded, some details may not compute.

- a. Format conforms to Program Budget presentation.
- b. Includes a portion of the cost of operating central agencies that perform services for the CDTFA; such as offices of the Attorney General, the State Controller, and the State Personnel Board.
- c. Costs not associated with CDTFA revenue generation.
- e. Includes Medi-Cal Managed Care Plans sales tax program.
- f. Includes the cost of registration, license renewals, telephone advisory services, collection, inspections and investigations, processing citations, and holding appeals hearings. Revenues include annual licensing fees imposed on manufacturers, importers, wholesalers and distributors and one-time fees on new retailers and retailer reinstatement license fees.
- g. Includes Motor Vehicle Fuel License Tax and Diesel and Use Fuel Tax programs.

 Does not include the cost of administering gasoline tax refunds or collecting delinquent gasoline taxes which are functions of the Controller.
- i. These administrative costs are already allocated to the above tax programs.
- j. Does not include 55,835,000 in Expenditures for the County and State Assessed Property Programs.
- y. Administered by CDTFA pursuant to an interagency agreement with BOE.

- a. Collections include taxes, fees, interest, and penalties less refunds. Includes only amounts from the general fund tax rate; excludes amounts from rates for special funds such as the Local Revenue Fund, the Local Public Safety Fund, the Fiscal Recovery Fund, and the Local Revenue Fund 2011.
- b. The \$1 fee for issuance of a seller's permit was eliminated effective July 1, 1966, and the reinstatement fee for a revoked permit was set at \$15. Prior to that date, a \$25 fee was required for reinstatement of a permit revoked for the third time within any two-year period. Effective January 1, 1987, the reinstatement fee for a revoked permit was increased to \$50. Effective January 1, 2010, the reinstatement fee was increased to \$100. Effective January 1, 2011, fees include collection recovery costs.
- c. Starting 2008-09, the number of business locations including use tax registrants as of June 30. Prior to 2008-09, the number of active permits on record on December 31.
- d. The general fund sales tax rate was reduced to 3.9375 percent from 6 percent effective July 1, 2011, with the creation of the Local Revenue Fund 2011 and the expiration of the 1 percent temporary rate.
- e. Effective July 1, 2010, under the Fuel Tax Swap, purchases and sales of gasoline (excluding aviation gasoline) are exempt from the state portion of the sales and use tax rate (then 6 percent), and a corresponding increase in the excise tax rate on that gasoline was imposed.
- f. Effective January 1, 2011, fees include collection recovery costs.
- g. Effective October 23, 2009, qualified purchasers are required to register with the BOE (prior to CDTFA), and report and pay use tax on their taxable purchases directly to the BOE (prior to CDTFA).
- h. Effective April 1, 2009, a temporary rate was imposed increasing the general fund rate from 5 percent to 6 percent and was in effect until June 30, 2011.
- i. Effective January 1, 2001, the state tax rate decreased to 4 3/4 percent. Effective January 1, 2002, the state tax rate was increased to 5 percent.
- j. Effective July 15, 1991, the tax rate was increased to 5 1/2 percent; bottled water, newspapers and periodicals, and candy and certain other snack food became subject to tax. Sellers of these previously exempt products were required to secure a permit. Effective December 1, 1992, candy and snack food were again exempt from the sales and use tax.

k. On July 1, 1973, the state tax rate was increased to 4 3/4 percent. On October 1, 1973, the state tax rate was reduced to 3 3/4 percent for six months. Effective April 1, 1974, the tax rate was again increased to 4 3/4 percent.

^{1.} Effective July 1, 1972, the state tax rate was decreased to 3 3/4 percent; the exemption on sales of gasoline sold for highway use was removed.

m. Effective August 1, 1967, the state tax rate was increased to 4 percent.

n. Includes almost \$100 million resulting from legislation effective August 1, 1965, requiring some 24,000 taxpayers with monthly taxable sales of \$17,000 or more to prepay their quarterly sales and use tax.

o. The BOE (prior to CDTFA) began to administer the Bradley-Burns Local Sales and Use Tax Law effective April 1, 1956, at a rate of 1 percent. The law provided for local option and thus it was not adopted by all cities and counties until January 1, 1962.

p. Effective July 1, 1943, the tax rate was reduced to 2 1/2 percent and substantial additions were made to the list of exempt transactions.

q. Effective July 1, 1939, all persons selling tangible personal property of a kind whose retail sale is subject to tax were required to secure a permit for each of their outlets, whether or not they engaged in the business of making retail sales. Prior to this time, only retailers were required to secure permits.

s. Effective July 1, 1935, the tax rate was increased to 3 percent from 2 1/2 percent; sales of food for home consumption, except when served as meals, were exempted, and a 3 percent use tax was imposed. All outstanding licenses expired on July 31, 1935, and were reissued only after payment of a fee of \$1 if renewed on or before July 31st and \$1.50 if renewed thereafter.

t. The state sales tax was first imposed August 1, 1933, at a rate of 2 1/2 percent. Collections cover only three quarterly and 11 monthly returns.

u. The number of permits are from July 1, 2017 through May 1, 2018.

1971-72	9,748,850,000	0.07	682,482,000	13,393,000	48

a. Effective July 1, 2010, under the Fuel Tax Swap Law, purchases and sales of gasoline (excluding aviation gasoline) are exempt from the state portion of the sales and use tax rate (then 6 percent), and a corresponding increase in the excise tax rate on that gasoline was imposed. Receipts of \$16,422,000 in 2010-11 from the storage (floor stock) taxes imposed at the time of the rate increases are not included. The CDTFA is required to adjust the tax rate annually effective July 1 so that the total amount of the tax revenue generated is equal to what would have been generated had the sales and use tax and excise tax rules remained unchanged. The tax rate for aviation gasoline remains 18 cents per gallon.

b. Includes self-assessed taxes, tax deficiencies, and interest, and penalties. Refunds for nonhighway use have not been deducted.

c. Effective January 1, 2002, the tax is imposed on suppliers. Prior to that date, taxpayers were distributors and brokers. On June 30, 2017, there were 153 gasoline suppliers, including 108 suppliers who incurred no tax liabilities.

d. Effective January 1, 2002, the Motor Vehicle Fuel License Tax Law was repealed and replaced with the Motor Vehicle Fuel Tax Law. The collection point of the tax is moved from the first distribution to removal from the refinery or terminal rack, or importation into the state.

e. Effective August 1, 1990, the tax rate was increased from 9 cents to 14 cents per gallon. Effective January 1, 1991, the tax rate was increased to 15 cents per gallon. Effective January 1, 1992, the tax rate was increased to 16 cents per gallon. Effective January 1, 1993, the tax rate was increased to 17 cents per gallon. Effective January 1, 1994, the tax rate was increased to 18 cents per gallon. Receipts from the storage (floor stock) taxes imposed at the time of the rate increases are not included; these amounted to \$10,218,000 in 1990-91; \$1,763,000 in 1991-92; \$1,538,000 in 1992-93; \$1,218,000 in 1993-94; and \$21,000 in 1994-95.

f. Effective January 1, 1983, the tax rate was increased from 7 cents to 9 cents per gallon. Receipts from the two-cent-per-gallon storage (floor stock) tax imposed at the time of the rate increase are not included; these amounted to \$3,456,000 in 1982-83 and \$169,000 in 1983-84 including interest and penalties.

g. A revision of the Revenue and Taxation Code effective January 1, 1982, allows a taxpayer to offset tax-paid exports against incurred tax liability instead of filing a claim for refund on such exports. Net revenue, over time, should not be affected by this revision.

h. A special one-cent levy was in effect from June 1, 1969, through August 31, 1969, to raise funds to repair and restore storm- and flood-damaged roads. This levy raised \$7.2 million from distributions during the 1968-69 fiscal year and \$15.5 million during the 1969-70 fiscal year. No storage (floor stock) tax was imposed.

i. A special one-cent levy was in effect from April 1, 1965, through August 31, 1965, to raise funds to repair and restore storm- and flood-damaged roads in the northwestern part of the state. This levy raised \$18.2 million from distributions during the 1964-65 fiscal year (excluding the storage [floor stock] tax of \$1,108,000 including interest and penalties) and \$12.8 million during the 1965-66 fiscal year (excluding the storage [floor stock] tax refund of \$1,131,000).

j. Effective October 1, 1963, the tax rate was increased from 6 cents to 7 cents per gallon. Receipts from the one-cent-per-gallon storage (floor stock) tax imposed at the time of the rate increase are not included; these amounted to \$1,125,267 including interest and penalties.

k. Effective October 1, 1959, liquefied petroleum gases were excluded from the definition of a "motor vehicle fuel." Since that date, vendors and users of this fuel have been required to report under the Use Fuel Tax Law. (See Tables 25A and 25B.)

l. Effective July 1, 1953, the tax rate was increased from 4 1/2 cents to 6 cents per gallon. Receipts from the 1 1/2-cent storage (floor stock) tax imposed at the time of the rate increase are not included; these amounted to \$1,071,000 including interest and penalties.

m.Effective July 1, 1947, the tax rate was increased from 3 cents to 4 1/2 cents per gallon. Receipts from the 1 1/2-cent storage (floor stock) tax imposed at the time of the rate increase are not included; these amounted to \$680,000, including interest and penalties.

n. Effective July 29, 1927, the tax rate was increased from 2 cents to 3 cents per gallon.

o. The motor vehicle fuel tax was first imposed October 1, 1923, at a rate of 2 cents per gallon.

1979-80	1,162,560,000	-	-	-	-	-
1978-79	1,104,046,000	-	-	-	-	-

- a. Effective July 1, 1937, under the Use Fuel Tax Law, a 3-cent per gallon excise tax was collected on diesel and other fuels not subject to the motor vehicle fuel tax.
- b. Effective October 1, 1959, users and vendors of liquefied petroleum gases (LPG) were required to report under the Use Fuel Law. Prior to this date, they reported under the Motor Vehicle Fuel License Tax Law. Taxable volumes were recorded starting in 1995-96.
- c. Includes ethanol and methanol containing not more than 15 percent gasoline or diesel fuels. Ethanol and methanol became taxable under the Use Fuel Tax Law effective January 1, 1982; they were previously taxed under the Motor Vehicle Fuel License Tax Law. Taxable volumes were recorded starting in 1995-96.
- d. Effective January 1, 1971, compressed natural gas (CNG) is taxed under the Use Fuel Tax Law at a rate of 7 cents per 100 cubic feet measured at standard pressure and temperature. Taxable volumes were recorded starting in 1995-96.
- e. Effective January 1, 2015, the use fuel tax on liquefied natural gas (LNG) was changed from 6 cents per gallon to 10.17 cents per diesel gallon equivalent (DGE) equal to 6.06 pounds. This revision provided easily understandable unit pricing, allowing direct comparison with the price per gallon of diesel fuel; it was not considered to be a tax rate increase.
- f. LPG includes LNG through 2014 because their tax rates were the same and they were not reported separately.
- g. Effective January 1, 2015, the use fuel tax on CNG was changed from 7 cents per 100 cubic feet to 8.87 cents per gasoline gallon equivalent (GGE) equal to 5.66 pounds or 126.67 cubic feet. This revision provided easily understandable unit pricing, allowing direct comparison with the price per gallon of gasoline fuel; it was not considered to be a tax rate increase. Includes 88,407,000 100-cubic feet units and 26,142,000 GGE units.
- h. Effective July 1, 1995, under the new Diesel Fuel Tax Law, excise tax on diesel fuel is collected separately from use fuels, and the point of collection is moved from the wholesale level to the terminal rack level.
- i. Effective January 1, 1992, most use fuel tax became collectable by wholesalers of fuel. This change in the point of collection caused use fuel tax to be collected on more fuel than was actually used during the year.

- a. Includes interest and penalties which amounted to \$695,000 during the 2016-17 fiscal year. This revenue includes self-assessments from tax returns for distributions during the year and, therefore, differs from the figures on Table 2 which are on a modified accrual basis.
- b. Effective January 1, 1996, most interstate motor carriers pay the interstate user tax through the International Fuel Tax Agreement (IFTA) for diesel and use fuel used on the state's roadways. The quarterly IFTA revenue is included in Diesel since the vast majority of IFTA receipts is for diesel fuel use.
- c. Includes use fuel tax revenue on liquefied petroleum gases (LPG), liquefied natural gas (LNG), alcohol fuel, kerosene, and compressed natural gas (CNG).
- d. Beginning in December 1975, LPG users were allowed to pay tax on a flat rate basis. This treatment has since been extended to other alternative fuels.
- e. These amounts are also included in diesel and alternative fuels revenues.
- f. Effective January 1, 2015, the use fuel tax on CNG was changed from 7 cents per 100 cubic feet to 8.87 cents per gasoline gallon equivalent (GGE) equal to 5.66 pounds or 126.67 cubic feet; and the use fuel tax on LNG was changed from 6 cents per gallon to 10.17 cents per diesel gallon equivalent (DGE) equal to 6.06 pounds. These revisions provided easily understandable unit pricing, allowing direct comparison with the price per gallon of gasoline fuel and diesel fuel; they were not considered to be tax rate increases.
- g. The IFTA rate was historically set in the fall with a January 1 effective date. The Fuel Tax Swap legislation in 2010 required annual adjustments to the diesel tax rate effective July 1 each year beginning in 2011. Legislation passed in 2012 moved the rate setting for IFTA to July 1 to coincide with the diesel fuel tax rate setting beginning 2013.
- h. The Fuel Tax Swap provides that the retail sale of diesel fuel is subject to additional sales and use tax. The additional sales and use tax rate for diesel fuel is 1.87 percent effective July 1, 2011; 1.94 percent effective July 1, 2013; and 1.75 percent effective July 1, 2014, and thereafter. Additionally, beginning July 1, 2011, the Fuel Tax Swap provides that the state excise tax on diesel fuel be decreased by 5 cents per gallon resulting in a state diesel fuel excise tax rate of 13 cents per gallon. Effective July 1, 2012, the state excise tax on diesel fuel decreased by 3 cents per gallon. Thereafter, CDTFA is required to adjust the excise tax rates for diesel fuel annually so that the total amount of tax revenue generated is equal to what would have been generated had the sales and use tax and excise tax rates remained unchanged.
- i. Effective January 1, 1998, an additional per-gallon surcharge equivalent to the combined local and sales tax rate was imposed on fuel subject to the interstate user tax.

j. Effective July 1, 1995, under the new Diesel Fuel Tax Law, excise tax on diesel fuel is collected separately from use fuels, and the point of collection is moved from the wholesale level to the terminal rack level.

k. Effective January 1, 1992, most use fuel tax became collectable by wholesalers of fuel. This change in the point of collection caused use fuel tax to be collected on more fuel than was actually used during the year.

l. Effective August 1, 1990, the tax rate was increased to 14 cents per gallon.

m. Ethanol and methanol containing not more than 15 percent gasoline or diesel fuels became taxable under the Use Fuel Tax Law effective January 1, 1982; they were previously taxed under the Motor Vehicle Fuel License Tax Law.

n. Effective January 1, 1971, CNG is taxed under the Use Fuel Tax Law at a rate of 7 cents per 100 cubic feet measured at standard pressure and temperature.

o. A special one-cent levy was in effect from June 1, 1969, through August 31, 1969, to raise funds to repair and restore storm- and flood-damaged roads. This levy raised \$450,000 from distributions during the 1968-69 fiscal year and \$837,000 during the 1969-70 fiscal year.

p. Effective July 1, 1968, the tax rate on most fuel consumed by municipal transit districts was reduced to one cent per gallon.

q. A special one-cent levy was in effect from April 1, 1965, through August 31, 1965, to raise funds to repair and restore storm- and flood-damaged roads. This levy raised a total of \$1,786,000.

r Revised.

s. Effective October 1, 1963, the tax rate on liquefied petroleum gases was increased from 6 cents to 7 cents per gallon. Effective January 1, 1966, the tax rate was decreased to 6 cents per gallon.

t. Effective October 1, 1959, users and vendors of liquefied petroleum gases were required to report under the Use Fuel Tax Law. Prior to this date, they reported under the Motor Vehicle Fuel License Tax Law.

u. This tax became effective July 1, 1937, at a rate of 3 cents per gallon on diesel and other fuels not subject to the motor vehicle fuel tax.

1989-90	13,997,000	-	

a. Effective October 2, 1989, owners of certain permitted underground storage tanks containing petroleum are required to pay an annual maintenance fee.

b. Starting in 1993, this fee is collected from the petroleum industry, the architectural coating industry, and facilities reporting releases of lead into ambient air in the state.

c. Starting in 1991, this fee is collected from persons owning crude oil at the time that oil is received at a marine terminal by vessel; persons owning petroleum products at the time those products are received at a marine terminal by vessel from outside the state; and operators of pipelines. On January 1, 2012, the rate increased from \$.05 to \$.065 per barrel.

d. This fee went into effect in 1991. It is collected from persons owing petroleum products at the time those products are received at a marine terminal, operators of pipelines, and operators of refineries

e. Beginning January 1, 1991, the \$200 per-tank annual maintenance fee was replaced with a quarterly fee of \$0.006 for each gallon of petroleum placed in an underground storage tank. Beginning January 1, 1995, the fee increased to \$0.007 per gallon. Starting January 1, 1996, the rate increased to \$0.009 per gallon, and then to \$0.012 per gallon effective January 1, 1997. Effective January 1, 2005, the fee increased to \$0.013 per gallon. Effective January 1, 2006, the fee increased to \$0.014 per gallon. Effective January 1, 2014, the rate decreased to \$0.014 per gallon. Effective January 1, 2015, the rate increased to \$0.020 per gallon.

f. Includes oil spill response fee revenue. No additional oil spill response fee revenue has been collected since 1991-92 because the \$50 million Oil Spill Response Trust Fund is at maximum.

a. This revenue includes self-assessments from tax returns for distributions during the year and, therefore, differs from the figures on Table 2 which are on a modified accrual basis.

b. Effective July 15, 1991, the tax rate on alcoholic beverages other than champagne and sparkling wines were increased. The tax rate on beer was increased from 4 cents to 20 cents per gallon. The tax rate on still wine was increased to 20 cents per gallon; previously, still wines of 14 percent alcohol or less were taxed at 1 cent per gallon and still wines over 14 percent alcohol were taxed at 2 cents per gallon. The tax rate on distilled spirits was increased from \$2.00 to \$3.30 per gallon. Receipts from the floor tax imposed at the time of the rate increases are not included.

r. Revised.

y. Administered by CDTFA pursuant to an interagency agreement with BOE.

c. Effective August 16, 1967, the tax rate was increased from \$1.50 to \$2.00 per gallon. Receipts from the 50-cent floor tax are not included; these amounted to \$3,009,778.

d. Effective July 1, 1959, the tax rate was increased from 2 cents to 4 cents per gallon. Receipts from the 2-cent floor tax are not included; these amounted to \$369,170.

e. Effective July 1, 1955, the tax on champagne and sparkling wines was changed from 1.5 cents per half-pint or fraction thereof to 30 cents per gallon. This revision eliminated inequities in the tax and provided a uniform tax rate; it was not considered to be a tax rate increase.

f. Effective July 1, 1955, the tax rate was increased from 80 cents to \$1.50 per gallon. Receipts from the 70-cent floor tax imposed at the time of the rate increase are not included; these amounted to \$3,120,882.

g. The tax on natural dry wines was reduced from 2 cents to 1 cent per gallon effective July 1, 1937.

h. Still wines over 14 percent alcohol include still wines of 14 percent alcohol or less through 1936-37 because their tax rates were the same and they were not reported separately.

i. Beginning July 1, 1935, tax on sparkling wine and champagne was imposed at 3 cents per pint.

j. The excise tax on distilled spirits was first imposed July 1, 1935, at a rate of 80 cents per gallon.

k. The alcoholic beverage tax was first effective April 6, 1933, at a rate of 2 cents per gallon on beer and wine.

l. Includes all types of wines. The tax rate was 2 cents per gallon on all wine, and the different types were not reported separately.

y. Administered by CDTFA pursuant to an interagency agreement with BOE.

a. Figures in this table represent taxable distributions compiled from monthly tax returns. Because the tax liability attaches at the time alcoholic beverages are sold by manufacturers, importers, or wholesalers, rather than at the time a retail sale is made or when the consumption occurs, they are referred to as "apparent" consumption figures rather than as "actual" consumption figures.

b. Includes a relatively small amount of tax-exempt beer distributed to the armed forces subsequent to June 30, 1951. Prior to July 1951, such distributions were taxable. Effective January 1, 1980, distributions of beer for the armed forces became subject to the state's excise tax when purchased from California suppliers.

c. Includes a relatively small amount for sparkling hard cider starting January 1995.

r. Revised.

y. Administered by CDTFA pursuant to an interagency agreement with BOE.

a. Net of refunds for tax indicia on cigarettes that become unfit for use (See Refunds).

b. A discount of .85 percent of gross value of tax indicia is granted to distributors for affixing the stamps. From July 1, 1960, until August 1, 1967, the discount rate was 2 percent.

c. Includes sales of indicia purchased on credit. Effective July 16, 1961, distributors have been able to purchase tax indicia on credit.

d. Effective April 1, 2017, the overall tax rate on cigarettes was increased from 87 cents to \$2.87 per pack.

e. From July 1, 2001, through September 9, 2001, the surtax rate on smokeless tobacco ranged from 131 percent for moist snuff to 490 percent for chewing tobacco. Effective September 10, 2001, the surtax rate on smokeless tobacco was lowered to 52.65 percent.

f. Effective January 1, 1999, the overall tax rate on cigarettes was increased from 37 cents to 87 cents per pack under voter-approved Proposition 10. The additional 50-cent-per-pack tax was imposed to raise funds for early childhood development programs. Excludes \$87,978,766 in 1998-99 from the floor stocks taxes for both cigarettes and other tobacco products levied on January 1, 1999.

g. From July 1, 1998, through December 31, 1998, the surtax rate was 26.17 percent for other tobacco products. Effective January 1, 1999, the new surtax imposed under Proposition 10 raised the combined surtax rate to 61.53 percent for other tobacco products. The new surtax is equivalent (in terms of the wholesale costs of other tobacco products) to a 50-cent-per-pack tax on cigarettes.

1959-60	61,791,000 ^m	767,000 ^m	62,558,000	67,000	-	-

h. Effective January 1, 1994, the overall tax rate on cigarettes was increased from 35 cents to 37 cents per pack. The additional 2-cent-per-pack tax was imposed to raise funds for breast cancer research and education.

i. Effective January 1, 1989, an additional 25-cent-per-pack surtax was imposed on cigarettes and a new 41.67 percent surtax was imposed on other tobacco products. Excludes \$57,927,856 in 1988-89 and \$595,000 in 1989-90 from the floor stocks tax levied on January 1, 1989.

j. Effective August 1, 1967, the tax rate was increased from 3 cents to 7 cents per pack. On October 1, 1967, the rate was further increased to 10 cents per pack, with the stipulation that 30 percent of the tax be allocated to cities and counties. Includes \$6,515,209 from the 4-cent-per-pack floor stocks tax levied on August 1, 1967; and \$4,889,485 from the 3-cent-per-pack floor stocks tax imposed October 1, 1967.

k. Refunds made for distributors' discounts in the 1960-61 fiscal year on purchases made in the 1959-60 fiscal year have been deducted. These refunds amounted to \$324,000.

l. Effective July 1, 1960, a discount was allowed at the time tax indicia were purchased.

m. Includes \$2,673,048 from the 3-cent-per-pack floor stocks tax imposed July 1, 1959; and also includes the amount of distributors' discounts which were refunded after purchase of indicia. During July and August of 1959, the tax was collected by invoice and no discount was allowed on these collections of \$8,123,700, nor on the \$2,673,048 tax on floor stocks.

r. Revised.

- a. Includes self-assessments and CDTFA assessments against companies licensed to write insurance on California risks.
- b. Includes 163 retaliatory tax assessments totaling \$11,760,265 and 178 nil assessments.
- c. Includes 179 retaliatory tax assessments totaling \$10,757,150 and 178 nil assessments.
- d. Includes 455 nil assessments.
- e. Includes 463 nil assessments.
- f. Includes 64 initial assessments for prior years totaling \$150,691.
- g. Includes 38 initial assessments for prior years totaling \$423,142.
- h. Of these, one hundred thirty-six refunds totaling \$99,693,397 were due to excess prepayments for 2016. Seven refunds for \$15,133,376 pertained to low income housing tax credits; four refunds for \$1,055,322 involved the computation of taxable annuities; one refund for \$1,689 pertained to cash-basis reporting; eight refunds for \$634,586 involved additional premiums reported on tax return; one refund for \$157,389 involved computation of retaliatory taxes; three refunds for \$25,088 pertained to ocean marines; one refund for \$26,863 resulted from penalty which was relieved but previously paid; two refunds for \$14,105 involved duplicated payments; three refunds for \$45,219 involved clerical errors; two refunds for \$1,605 pertained to qualified premiums; five refunds for \$23,693 involved overpayment of amount due; one refund for \$20,000 pertained to COIN tax credit; and one refund for \$13,940 involved administrative fees and service charges. No claims were denied in 2016.
- i. Of these, one hundred twenty-five refunds totaling \$22,120,564.89 were due to excess prepayments for 2017. Three refunds for \$3,427,643.85 pertained to low income housing tax credits; ten refunds for returned premiums in the amount of \$77,193.03; seven refunds for retaliatory tax in the amount of \$2,119.85; three refunds due to relief granted on paid penalty in the amount of \$8,301.80; four refunds for qualified premiums in the amount of \$54,650.16; four refunds for \$52,547.60 resulted from overpayment of amount due; and one refund due to court action on a redetermination in the amount of \$3,712,859.89.
- y. Administered by CDTFA pursuant to an interagency agreement with BOE.

 $a.\ Includes\ self-assessments\ and\ CDTFA\ assessments\ against\ companies\ licensed\ to\ write\ insurance\ on\ California\ risks.$

b. Includes only annual premiums tax assessments showing tax liability and ocean marine assessments.

c. Includes retaliatory assessments (except for the period from 1945, when the retaliatory tax law was repealed, through 1959 when the law was reestablished), penalties for late filing or nonfiling of returns, and adjustments of prior year taxes.

d. Includes penalties for late filing or nonfiling of returns. By constitutional amendment adopted in 1930, ocean marine insurance was removed from the scope of the gross premiums tax and subjected to 5 percent tax on underwriting profits.

e. Defined in footnote b. In addition, there were 163 retaliatory tax assessments and 636 returns that showed no tax liability of which 181 were for life, fire and casualty, and title insurers and 455 for ocean marine insurers.

f. Refunds granted as a result of court judgements on "Mini-Met" type assessments in the amount of \$44,907,977 in 1994 and \$148,828,823 in 1995 have been deducted. Petition cancellations on "Mini-Met" type assessments amounting to \$33,204,784 in 1994 were also deducted.

y. Administered by CDTFA pursuant to an interagency agreement with BOE.

g. Includes \$43,872,613 in 1984 and \$50,262,105 in 1985 assessed against claim payments made under "Mini-Met" type minimum premium payment group health and welfare plans. The State Supreme Court found these payments to be subject to the gross premiums tax.

 $h.\ Refunds\ granted\ by\ court\ decision\ in\ the\ amount\ of\ \$31,299,011\ for\ the\ principal\ office\ deduction\ for\ the\ year\ 1976\ have\ been\ deducted.$

i. This tax credit on the home or principal office in California was eliminated by Proposition 6 which was approved by the voters on June 8, 1976; see Chapter 938, Statutes of 1975.

j. Excludes \$22,859,004, which represents the prepayments the companies assessed themselves, computed at the rate of 2.33 percent on the premiums written in the first quarter of 1964.

k. Beginning in 1957, life insurance companies writing disability insurance were assessed only once. In all prior years such companies were assessed twice; one assessment covered their life insurance and annuity policies, and one covered their disability insurance business. In 1956 there were 93 such companies.

l. Beginning in 1952, the State Compensation Insurance Fund became subject to assessment by the BOE.

m. The tax rate declined by .05 percent per year from 2.60 percent in 1943 to 2.35 percent in 1948. The decrease was intended to compensate for a gradual restriction of the real estate tax offset privilege. In the 1944 assessment, the maximum offset for taxes on real estate other than the principal office in the state was 75 percent of the company's 1940 offset on such property. The next year it was 55 percent; the next, 35 percent; then 15 percent. From 1948 on, only taxes on principal offices were eligible for offset.

n. The gross premium tax was first enacted in 1911 at a rate of 1.50 percent on premiums collected in 1910.

y. Administered by CDTFA pursuant to an interagency agreement with BOE.

1975-76	13,250,000	-
1974-75	1,885,000 ⁱ	-

a. Effective January 1, 2004, the tax rate was increased to \$0.0003 per kilowatt hour. Effective January 1, 2005, the rate was reduced to \$0.00022 per kilowatt hour from \$0.0003. Effective January 1, 2011, the rate was increased to \$0.00029 per kilowatt hour from \$0.00022 per kilowatt hour.

b. Starting with 2000-01, this revenue is reported on a modified accrual basis. Revenues for prior years include self-assessments from tax returns on a cash basis.

c. This tax became effective January 1, 2001, on natural gas used by customers of a public utility gas corporation or interstate pipeline. The tax rate varies depending on the utility's service area and program costs. The revenue is deposited in the Gas Consumption Surcharge Fund.

d. Effective September 1, 1981, the tax rate was increased to \$0.0002 per kilowatt hour, the maximum then allowed under the law.

e. Effective September 1, 1980, the tax rate was increased to \$0.00016 per kilowatt hour from \$0.00015. Effective March 1, 1981, the rate was increased to \$0.00019.

f. Effective September 1, 1979, the tax rate was increased to \$0.00015 per kilowatt hour from \$0.0001.

g. Effective September 1, 1978, the tax rate was reduced to \$0.0001 per kilowatt hour from \$0.00014.

Effective September 1, 1977, the tax rate was increased to \$0.00015 per kilowatt hour from \$0.0001. Effective March 1, 1978, the tax rate was reduced to \$0.00014. Effective January 1, 1978, purchase of electrical energy from the United States government or its agencies and used in California became subject to the surcharge.

i. This tax became effective January 1, 1975, at a rate of \$0.0001 per kilowatt hour on the consumption of electrical energy in California.

1978-79	14,069,000	-	-
1977-78	8,747,000	-	-

a. This tax became effective July 1, 1977, at the rate of 0.5 percent on the charges for intrastate telephone communication services. Every service supplier is required to collect the surcharge from the service user at the same time billings for services are collected.

b. This tax became effective July 1, 1984, at a rate of 4 percent on the gross revenues received by each designated service supplier in California from intrastate telecommunications service.

c. Effective January 1, 2014, the tax rate was increased to 0.75 percent.

d. Effective January 1, 2009, the surcharge is extended to Voice over Internet Protocol (VoIP) services that provide access to the "911" emergency system.

e. Effective November 1, 2006, the tax rate was reduced to 0.50 percent.

f. Effective November 1, 2004, the tax rate was reduced to 0.65 percent.

g. Starting with 2000-01, this revenue is reported on a modified accrual basis. Revenues for prior years include self-assessments from tax returns on a cash basis.

h. Effective November 1, 1994, the tax rate was increased to 0.72 percent.

i. Effective November 1, 1989, the tax rate was increased to 0.69 percent.

j. Effective July 1, 1987, the tax rate was increased to 4 percent. Administration of this tax was transferred to the Public Utilities Commission effective July 16, 1987.

k. Effective July 1, 1986, the tax rate was reduced to 1.5 percent.

^{1.} Beginning January 1, 2016, a prepaid mobile telephony services (MTS) surcharge is imposed on purchasers (consumers) of prepaid MTS as a percentage of the sales price of each retail transaction involving prepaid wireless cards/service in this state.

- $a.\ This \ tax\ includes\ hazardous\ waste\ activity\ fees,\ disposal\ fee,\ environmental\ fee,\ facility\ fee,\ and\ generator\ fee.$
- b. This fee is jointly administered by the CDTFA and the Integrated Waste Management Board, and its successor, the Department of Resources Recycling and Recovery (CalRecycle). Until October 1, 1993, the fee was known as the Solid Waste Disposal Site Cleanup and Management fees.
- c. This fee is jointly administered by the CDTFA and Integrated Waste Management Board, and its successor, CalRecycle.
- d. This fee is imposed on employers with 10 or more employees in industries with documented evidence of the potential for occupational lead poisoning.
- e. Effective January 1, 2000, this fee is collected from owners and operators of certain oceangoing vessels to fund programs to prevent the further introduction and spread of non-native aquatic nuisance species. Through December 31, 2003, it was known as the Ballast Water Management Fee.
- f. Effective January 1, 2007, imposition of the environmental fee was expanded to also include general partnerships, limited partnerships, limited liability partnerships, limited liability companies and sole proprietorships, as well as corporations. Until December 31, 2006, the fee applied only to corporations.
- g. Effective January 1, 2001, the tire recycling fee was replaced with the California Tire Fee and the rate increased to \$1.00 per tire from 25 cents per tire. The definition of "new" tire has been expanded to include a new tire sold with a new or used vehicle, including the spare. Effective January 1, 2005, the rate increased to \$1.75 from \$1.00 per tire.
- h. Effective January 1, 1997, the existing fee was replaced with a new fee imposed on the purchase of any new tire, regardless of whether an old tire is left for recycling.
- i. The hazardous substance (Superfund) tax was eliminated as of December 31, 1990; this was offset by an increase in disposal fees.
- i. The tire recycling fee was charged for each tire left by a customer with a retail facility.
- k. Effective August 3, 1989, the CDTFA collects a series of activity fees, consisting of permit/variance fees, waste classification fees, and other activity fees. The environmental fee also went into effect August 3, 1989, and is imposed on certain businesses and other organizations in industry groups that use, generate, store, or conduct activities relating to hazardous materials.
- l. The annual facility fee went into effect July 1, 1986, and is imposed upon operators of specified hazardous waste storage, treatment, and disposal facilities. The generator fee also became effective July 1, 1986, and is imposed on generators of hazardous waste who generate volumes of hazardous waste at an individual site and do not own or operate a hazardous waste facility at the same site.
- m.Administration of the hazardous waste control tax was transferred to the CDTFA from the Department of Health Services effective September 24, 1981. The hazardous substance (Superfund) tax became effective September 24, 1981, and was imposed on the generators of hazardous waste who dispose of it in California.

OTHER SPECIAL TAXES AND FEES

TABLE 36B—Water Rights Fee, Electronic Waste Recycling Fee, Fire Prevention Fee, and Lumber Products Assessment Revenue, by Fiscal Year, 2003-04 to 2017-18

Fiscal Year	Water Rights Fee ^a	Electronic Waste Recycling Fire Prevention Fee		Lumber Products Assessment ^c
2017-18	\$17,761,000	\$83,077,000	\$15,330,000°	\$47,807,000

2004-05	6,967,000	30,806,000	-	-
2003-04	6,804,000	-	-	-

- a. Effective January 1, 2004, this fee is collected from water rights owners.
- b. Effective January 1, 2005, retailers are required to collect the electronic waste (eWaste) recycling fee from the consumer on the retail sale or lease of certain new or refurbished video display devices called covered electronic devices (CEDs). The fee is variable, depending on screen size.
- c. Beginning January 1, 2013, a one percent (1%) Lumber Products Assessment is imposed on the purchaser of lumber products or engineered wood products for storage, use, or other consumption in this state. The revenue is deposited in the Timber Regulation and Forest Restoration Fund.
- d. The State Responsibility Area (SRA) Fire Prevention Fee became effective July 1, 2011, at the rate of \$150.00 per habitable structure located within the SRA. Billings for fiscal year 2011-12 were issued beginning in August 2012. Effective July 1, 2013, the rate increased to \$152.33. If the habitable structure is also within the boundaries of a local agency that provides fire protection services, the property owner will receive a \$35.00 reduction for each habitable structure.
- e. Ended FY 2017-18.

2005-06	2,535,620	7,426,466	607,139	10,569,225
2004-05	899,693	3,220,898	133,916	4,254,507

a. Effective January 1, 2005 retailers are required to collect the electronic waste (eWaste) recycling fee from the consumer on the retail sale or lease of certain new or refurbished video display devices called "covered electronic devices" (CEDs). This revenue includes self-assessments from returns for sales and leases during the year; and, therefore, differs from the figures in Table 36B which are on a modified accrual basis.

b. Effective January 1, 2017, the fee was increased from \$3 to \$5 for small CEDs, from \$4 to \$6 for medium CEDs, and from \$5 to \$7 for large CEDs.

c. Effective January 1, 2013, the fee was decreased from \$6 to \$3 for small CEDs, from \$8 to \$4 for medium CEDs, and from \$10 to \$5 for large CEDs.

d. Effective January 1, 2011, the fee was decreased from \$8 to \$6 for small CEDs, from \$16 to \$8 for medium CEDs, and from \$25 to \$10 for large CEDs.

e. Effective January 1, 2009, the fee was increased from \$6 to \$8 for small CEDs, from \$8 to \$16 for medium CEDs, and from \$10 to \$25 for large CEDs.

f. The eWaste recycling fee was first effective January 1, 2005, at the rate of \$6 per unit for small CEDs, \$8 per unit for medium CEDs, and \$10 per unit for large CEDs. The fee is based on the viewable size of the video display, measured diagonally.

a. Figures in this table represent taxable sales and leases compiled from monthly tax returns. The fee is based on the viewable size of the video display, measured diagonally.

TIMBER YIELD TAXES

TABLE 38A—Timber Yield Tax and Timber Reserve Fund Tax Statistics, 1977 to 2017

Calendar	Market Value	Timb	Timber Yield Tax		Timber Reserve Fund	
Year	of Timber Harvest	Ratea	Net Revenue	Ratea	Net Revenue	
2017	428,700,000	2.9%	\$13,454,000	-	-	
2016	307,200,000	2.9%	8,538,000	1	-

Note: Detail may not compute to total due to rounding.
a. In effect for the year. The rate is set annually in December.

b. A sunset provision terminated the reserve fund tax at the end of 1982.

c. This tax became effective April 1, 1977. The timber yield tax replaced the ad valorem property tax on standing timber.

The reserve rate assured that the timber tax fund would be sufficient to meet the revenue guarantees of the participating counties.

a. Data are from harvest reports prepared by taxpayers for payment of the Timber Yield Tax and are subject to audit corrections and delinquent filing.

b. Board feet are the quantity of timber cut and scaled. Miscellaneous products including all hardwoods, Christmas trees, fuelwood, poles and pilings, and split products are generally not measured in net board feet.

c. Value of the timber immediately before cutting.
