Correction to the Salvage Timber Species Codes

The Harvest Values Schedule was recently released with the Miscellaneous Harvest Values, Green Timber Harvest Values and Salvage Timber Harvest Values schedules. These schedules have corresponding species codes relevant to computing the total taxable harvest value in the Timber Tax Harvest Report. The Timber Tax Harvest Report is a worksheet that must be completed before preparing the Timber Tax Return.

The species codes for salvage timber on the Harvest Values Schedule effective January 1, 2019, through June 30, 2019 were incorrectly posted with the species codes for green timber.

The species codes for salvage timber were corrected on April 3, 2019 to read as follows:

SPECIES	SPECIES CODE
Ponderosa Pine	PPS
Hem/Fir	FS
Douglas-fir	DFS
Incense Cedar	ICS
Redwood	RS
Port-Orford Cedar	PCS

If you have already filed your Timber Tax Harvest Report, please contact our office for assistance. Otherwise, please use the updated Harvest Values Schedule.
